	<p>Stewart Forsyth reported that a draft of the Clinical sub-group's report was circulated to the members of the sub-group on 20 December. Comments have been incorporated and cross checking of data is taking place.</p> <p>Jonathan Montgomery said that the External Response sub-group still had some work to do on its report. He also mentioned that the group were drawing on some publically available documents regarding SHAs and PCTs.</p> <p>Julian Brookes reported that the Trust Management sub-group had a draft that was largely complete apart from two sections. Cross referencing to other sections to ensure coherence and consistency was still needed.</p> <p>Bill Kirkup said that he was beginning to firm up a timetable for the completion of the rest of the Report and would share that as soon as possible.</p>	
5	Interview programme update	Bill Kirkup
	<p>Bill Kirkup confirmed the interviews being held that afternoon were very likely to be the last two the Investigation would undertake as part of the evidence gathering process.</p>	
6	Terms of reference 5 and 6	Oonagh McIntosh
	<p>Oonagh McIntosh said that there might need to be meetings with a couple of organisations in respect of terms of reference 5 and 6.</p> <p>Bill Kirkup said that there was a different timetable for evidence collected regarding terms of reference 5 and 6 as that would not need to go through the fact checking and warning letter process.</p>	
7	Report publication	Oonagh McIntosh
	<p>Oonagh McIntosh said the Panel would be notified once arrangements had been made for publication of the Report. Availability of Panel members will need to be discussed for the publication but also for discussions with families and the provision of support for the Trust and other organisations.</p>

No further Panel meetings are scheduled and Oonagh McIntosh and Bill Kirkup thought that further discussions about the Report would most likely be conducted through e mail or telephone calls.
