| Tier 4 sponsor/ licensed sponsor | A Tier 4 sponsor that is approved by us and has been given a licence to bring students to the UK under Tier 4 of the Points Based System. A Tier 4 sponsor can be a Tier 4 (General) student sponsor, a Tier 4 (Child) student sponsor, or both. |
| Tier 4 Register of Sponsors | The register of education providers which have been issued and currently hold a Tier 4 sponsor licence. |
| UK Higher Education Institution | A recognised body, or a body that receives public funding as a higher education institution from the Department for Employment and Learning in Northern Ireland, the Higher Education Funding Council for England, the Higher Education Funding Council for Wales, or the Scottish Funding Council. We also accept: |
| | • Richmond, the American International University in London, as an HEI because it is recognised in statute in the Education (Recognised Awards) (Richmond The American International University in London) Order 2006. |
| | • The UK Foundation Programme Office as an HEI for sponsored students undertaking a recognised Foundation Programme for post graduate doctors. |
| | • Health Education Yorkshire and the Humber, and Health Education South London, as HEIs for sponsored students undertaking a recognised Foundation Programme for postgraduate dentists. You can check whether an institution is a UK HEI using the following websites: |

INTRODUCTION

1. This document provides policy guidance if you are a student coming to the UK under Tier 4 of the Points Based System, and should be read with paragraphs 245ZT to 245ZZD of the Immigration Rules (these can be found on our Home Office pages at the GOV.UK website at: www.gov.uk/government/collections/immigration-rules). It is correct at the time of publication but some sections may change, so you should always check that you have the right version by going to our website.

2. Whether you are making an application from inside the UK (leave to remain) or outside the UK (Entry Clearance) you should go to our Home Office pages at the Gov.UK website to find the application form at: www.gov.uk/browse/visas-immigration/study-visas

3. For the Immigration Rules in full and more information on how to apply, go to our Home Office pages at the Gov.UK website at: www.gov.uk/browse/visas-immigration/study-visas

4. A glossary of terms used in this guidance can be found on page 7.

The table below sets out the paragraphs we have added, updated or moved since the last version of this guidance published on 24 October 2014, and gives a brief description of what has changed. Other paragraphs may have changed number from the 24 October 2014 version but the text and position in the guidance remains the same.

**KEY PRINCIPLES**

5. There are two student categories under Tier 4 of the Points Based System:

- Tier 4 (General) student – This category is for students coming to the UK for post-16 education. A Tier 4 (General) student must be at least 16 years old.
- Tier 4 (Child) student – This category is for children between 4 and 17 years old coming to the UK for their education. Children between 4 and 15 years old can only be educated at independent fee paying schools.
6. You must meet the full requirements of the Immigration Rules and have 40 points in total as shown in the table below:

<table>
<thead>
<tr>
<th>Points required: 40</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>You must have a valid Confirmation of Acceptance for Studies from a fully licensed Tier 4 sponsor.</td>
<td>30 points</td>
</tr>
<tr>
<td>You must have enough money to cover course fees and monthly living costs (also known as maintenance or funds)</td>
<td>10 points</td>
</tr>
</tbody>
</table>

7. Your Tier 4 application can be refused under the general grounds for refusal listed in the Immigration Rules. This means that even if you meet the requirements of the category you are applying under, there may be other reasons why we will refuse your application. For example, this could be because of your previous immigration history. Further information about general grounds for refusal can be found on our Home Office pages at the GOV.UK website at: [http://www.gov.uk/government/collections/general-grounds-for-refusal-modernised-guidance](http://www.gov.uk/government/collections/general-grounds-for-refusal-modernised-guidance)

8. All students making a Tier 4 application will have to submit their biometrics details and information. An application can only be assessed and processed once these have been received.

**What do we mean by ‘Date of Application’?**

9. If you are applying from inside the UK, the date of your application will be taken to be the date that you paid for and submitted your online application. If, due to exceptional circumstances, you have made a paper application, the application date will be taken to be:
   - the date of posting, where the application form is sent by post,
   - the date on which the application is accepted by a Premium Service Centre of the Home Office, where the application form is submitted in person,
   - the date on which the application is delivered to the Home Office where the application form is sent by courier.

   If you are applying from outside of the UK, the date of your application will be taken to be the date that the fee associated with the application is paid. This means the date shown on your payment receipt, which depends on how you paid for your visa application, for example, at a British Diplomatic Post, a visa application centre or online.
10. For the purposes of submitting a Tier 4 application, your age will be considered to be the age you are on the date that you apply to us.

**Documents you will need to send with your application**

11. To claim points, you must send the documents required by the Immigration Rules that are applicable to you. We will only accept the documents specified in the Immigration Rules as evidence.

12. If you qualify for our differentiation arrangements you will normally be required to provide fewer evidential documents. If you are exempted from having to provide a document - or a group of documents - under our differentiation arrangements, this will be specifically stated in this guidance. We may request these or other documents from you.

The Home Office will refuse any application where a request is made for the supporting documents to be submitted, if the specified documents are not provided to us within the period specified in that request.

13. You qualify for our differentiation arrangements if:

- you are sponsored by a sponsor with Tier 4 Sponsor status; and
- you are applying for entry clearance in your country of nationality or for leave to remain in the UK; and
- you are a national of one of the countries listed at Appendix H of the Immigration Rules. You can check this at: www.gov.uk/government/collections/immigration-rules

We will confirm your nationality using your passport. The list will normally be reviewed on an annual basis.

14. Documents must be issued by an authorised official of the issuing organisation and be:

- original (unless we say otherwise); and
- on the official letter-headed paper or stationery of the organisation.

15. If you are in the UK, where a document is not in English or Welsh, the original must be accompanied by a fully certified translation by a professional translator/translation company. This translation must include:

- details of the translator/translation company's credentials; and
- confirmation that it is an accurate translation of the original document; and
• the translator/translation company’s contact details.

It must also be dated and include the original signature of the translator or an authorised official of the translation company.

16. If you are outside the UK, where a document is not in English or Welsh, the original must be accompanied by a full translation that can be independently verified by the Home Office. The original translation must contain confirmation from the translator/translation company that it is an accurate translation of the original document, the date of the translation, the translator/an authorised official of the translation company’s full name and signature, and the translator/translation company’s contact details.

17. Where a translation of an overseas qualification or award certificate is submitted, we will not take it as a direct translation of the academic level of that award. We will always use UK NARIC to assess the equivalency of overseas qualifications.

18. If you have submitted specified documents in which:
   • Some of the documents in a sequence have been omitted (for example, if one bank statement from a series is missing; or
   • a document is in the wrong format (for example, if a letter is not on letterhead paper as specified); or
   • a document is a copy and not an original document; or
   • a document does not contain all of the specified information,

we may contact you or your representative in writing, and request the correct documents. We must receive the requested documents at the address specified in the request within 7 working days of the date of the request. We will not ask for further information where we do not anticipate that a correction of minor errors or omissions will lead to an approval or where a specified document has been completely omitted.

19. If you have submitted a specified document that:
   • in the wrong format, or
   • is a copy and not an original document, or
   • does not contain all of the specified information, but the missing information is verifiable from:
     • other documents submitted with the application,
     • the website of the organisation which issued the document, or
     • the website of the appropriate regulatory body;

we may approve your application exceptionally if we are satisfied that the specified documents are genuine and that you meet all the other requirements. We reserve the right to request the original documents in the correct format and to refuse applications if the specified documents are not provided.
Biometric Residence Permits (BRPs)

20. Between March and July 2015, the Home Office is introducing BRPs for applicants applying for entry clearance to come to the UK for more than six months. You will apply for a BRP at the same time as you apply for entry clearance. If your entry clearance application is successful, you will be given a vignette valid for 30 days. This will allow you to enter the UK. You must then collect your BRP from the Post Office branch you selected as part of your application no later than 10 days after your arrival in the UK.

21. Your Tier 4 sponsor must keep a copy of your BRP and you must keep the original. If you find a mistake on your BRP it must be corrected promptly. You must contact the Home Office immediately with details of the error and provide supporting documentation as required. Instructions on how to do this will be provided to you when you collect your BRP. In exceptional circumstances, you may be required to provide your fingerprints again. Further details are available on the Home Office pages on the Gov.UK website at: https://www.gov.uk/biometric-residence-permits. You must also notify the Home Office if there is an error on your visa – for instance that the period of leave is incorrect or it includes a right to work and you are not entitled to work.

Immigration Health Surcharge

21. The immigration health surcharge is a financial contribution to the UK’s National Health Service. You will pay the surcharge if you are a non-EEA national and you are granted immigration permission to enter the UK to study for a time-limited period of more than six months. You will also need to pay it if you are a non-EEA national who is already in the UK and you wish to apply to extend your stay.

You will pay the charge (currently £150 for each period of 12 months leave granted) when you make your application. The charge is applied to immigration applications made on or after 6 April 2015. Further information is available on the Home Office pages of the Gov.UK website: https://www.gov.uk/search?q=Immigration+health+surcharge

Interviewing

22. When you make your application you may be asked to undertake an interview, either in person, or on the telephone to check that you are a genuine student. If as a result of this interview the Home Office is not satisfied that you are a genuine student, or you cannot speak English to the required standard (judged as set out at paragraphs 114 to 132 of this guidance), or your application is shown to fall for refusal under the General Grounds for Refusal, the application will be refused.

23. If you are asked to undertake an interview but do not attend without reasonable explanation being given, your application will be refused.
TIER 4 SPONSORS

24. To apply under Tier 4, you must have a Tier 4 sponsor. All Tier 4 sponsors who want to provide courses for international students need a licence from the Home Office. Once they get a licence, they are added to the Tier 4 Register of Sponsors.

25. The register of sponsors has the name, location and rating of the organisation. You should check whether your sponsor has a licence by looking at the Tier 4 Register of Sponsors on our Home Office pages at the Gov.UK website at: www.gov.uk/government/publications/register-of-licensed-sponsors-students

26. A student’s Tier 4 sponsor will assign the student a Confirmation of Acceptance for Studies (CAS) reference number, which is an official and unconditional offer of a place on a course of study. More information on the role of approved Tier 4 sponsors can be found in Annex 1.

THE CONFIRMATION OF ACCEPTANCE FOR STUDIES

What is a Confirmation of Acceptance for Studies?

27. The Confirmation of Acceptance for Studies (CAS) is not an actual certificate or paper document but is a virtual document similar to a database record. Each CAS has a unique reference number and contains information about the course of study for which it has been issued and the student’s personal details. The information that the sponsor will include in a CAS can be found on our Home Office pages at the Gov.UK website at: www.gov.uk/government/publications/confirm-acceptance-of-studies-guide-for-education-sponsors

28. We will not provide you with your CAS reference number as it is your Tier 4 sponsor’s responsibility to do so.

29. Your Tier 4 sponsor will also need you to provide you with some of the information they used when they assigned the CAS to you, for example your course details, the documents they used to assess you and any fees due for the appropriate period of study.

You will need this information to accurately complete your application and to make sure that you know which documents to submit to us when you apply.

30. You cannot make your Tier 4 application more than three months before the start of your course.

When is a CAS valid?

31. A valid CAS is one that:
   - has the same details on it as in your passport; and
   - was assigned no more than six months before the date of your application; and
   - has not been withdrawn or cancelled by your Tier 4 sponsor or us.
The Immigration Rules and Tier 4 Sponsor Guidance contain full details of the information a CAS must contain in order to be valid.

32 Your CAS will expire if it is not used for a leave application within six months of it being issued. If you make an application using a CAS that has expired, your application will be refused. You must ensure that your CAS is valid when your application is submitted - you can check this with your Tier 4 sponsor.

33 A CAS cannot be used more than once. If your Tier 4 application is refused, and you wish to make another application, you will need to get a new CAS from your sponsor.

34 Having a valid CAS does not guarantee that your application will be successful. You must meet all of the requirements of the category and any other requirements of the Immigration Rules.

35 Your CAS can be withdrawn or cancelled at any time by either us or by your Tier 4 sponsor. Where your CAS has been withdrawn or cancelled, the same procedures apply as where a CAS becomes invalid. These procedures are explained in more detail in Annex1 of this document.

MONEY (ALSO KNOWN AS MAINTENANCE OR FUNDS)

Money you will need

36. You must have enough money to support yourself whilst studying in the UK. The money that you need will depend on the length of your course and where you will study it.

37. The money you will need to show must be enough to cover the course fees for your first period of study or, if you are continuing a course, for the next period of study, and living costs for up to a maximum of nine months. Your living costs might include payments towards the costs of your accommodation or purchasing study materials such as books or stationery. A maximum of £1,020 paid to your sponsor in advance for your accommodation can be deducted from the amount of maintenance you must show that you have, even if you have paid more than £1,020 in advance.

38. The amount you will need to show for course fees will be given by your Tier 4 sponsor on your CAS.

39. If you are starting out on a new course, your Tier 4 sponsor must give the fees for the first year of the course, or for the entire course if the course is less than a year long, on your CAS.

40. If you are continuing on an existing course and are applying for an extension to continue to study the course, your Tier 4 sponsor must give either:

   - the fees you still need to pay as stated on your CAS – if you are part way
through the year; or

- the fees that you need to pay for the next academic year of your course, if you will continue the course at the start of the next academic year.

41. If you are coming to the UK as part of a Study Abroad Programme, your Tier 4 sponsor must only include any fees that must be paid to them for the first year of the course or for the entire course if it is less than a year long. If you have no fees to pay to your Tier 4 sponsor, then your CAS must confirm that there are no fees due, for example, if these have been paid to an overseas Higher Education provider.

42. The amount you will need to show for living costs will depend on your individual circumstances.

Money needed for Dependents (partners and children)

43. Any partners or children (also known as dependants) that you want to bring to the UK with you must have money in place to support them. The Points Based System dependants’ guidance provides more information on this and can be found at: https://www.gov.uk/government/publications/guidance-for-dependants-of-uk-visa-applicants-tiers-1-2-4-5

44. You are only permitted to bring dependants with you to the UK if you are a Tier 4 (General) student.

RESTRICTIONS ON SOME STUDENTS WITH OFFICIAL FINANCIAL SPONSORSHIP

45. You may be sponsored by an official financial sponsor. An official financial sponsor is Her Majesty’s Government, your home government, the British Council or any international organisation, international company, university or UK independent school.

46. Within the last 12 months, you may have been financially sponsored to be in the UK by a government or an international scholarship agency in one of the following categories:

- student; or
- Tier 4 (General); or
- Tier 4 (Child) student; or
- student nurse; or
- student re-sitting an examination; or
- student writing up a thesis; or
• postgraduate doctors and dentists.

47. For the purposes of this section of the guidance ‘sponsored’ means wholly supported by an award which covers both fees and living costs.

48. If you are currently financially sponsored by a government or an international scholarship agency or your financial sponsorship ended within 12 months of your application being made, you will need your sponsor’s permission to stay in or re-enter the UK. You must provide us with your financial sponsor’s unconditional consent in writing. This must confirm that your sponsor has no objection to you continuing your studies in the UK. If your financial sponsor does not give consent, we will refuse the application.

PROTECTING CHILDREN

49. Under Section 55 of the Borders, Citizenship and Immigration Act 2009, the Home Office must have regard to the need to safeguard children and to promote their welfare. All children studying in the UK must have suitable care arrangements in place for their travel, reception on arrival in the UK and living arrangements while here. Children are all students under 18 years old.

50. If you are 16 or 17 years old and applying as a Tier 4 (General) student, you must have your parent(s) or legal guardian(s) written consent that you can live and travel independently.

51. All arrangements for children’s care and accommodation in the UK must comply with relevant UK legislation and regulations. More information can be found on the Department of Health website:

- Accommodation of students under eighteen by further education colleges: national minimum standards and inspection regulations: https://www.gov.uk/search?q=inspecting+residentila+provision+in+colleges

Private foster care arrangement

52. If you are under 16 years old, or under 18 years old if you are disabled, you are privately fostered when you are cared for on a full-time basis by adults, who are not your parents or a close relative, for a period of more than 28 days. It is the responsibility of your parent, carer, and anyone else involved in making the private
fostering arrangement (including your Tier 4 sponsor), to notify the UK local authority of the private fostering arrangement.

53. In the UK local authorities are responsible for safeguarding and protecting children. They must make sure that private foster carers are suitable and that they get any support and guidance that they may need to help them care for the child.

54. If a close relative, parent or legal guardian is caring for you, they are not considered to be a private foster carer and so will not need to register with a UK local authority. A close relative is a grandparent, brother, sister, step-parent, uncle (brother or half-brother of your parent) or aunt (sister or half-sister of your parent) who is aged 18 or over.

**TIER 4 (GENERAL STUDENTS)**

Specific guidance for Tier 4 (General) students

55. See paragraphs 245ZT to 245ZY of the Immigration Rules for full details of the requirements of the Tier 4 (General) student category.

What is the Tier 4 (General) student category?

56. The Tier 4 (General) student category is for people coming to the UK for post-16 education.

57. If you are 16 or 17 years old and studying a course at or above National Qualification Framework (NQF) level 3, you and your Tier 4 sponsor can agree whether you apply as a Tier 4 (General) student or Tier 4 (Child) student. If you are 16 or 17 years old, then you should apply as a Tier 4 (General) Student if you wish to study English as a foreign language.

Who can switch into the Tier 4 (General) student category?

58. You can apply under the Tier 4 (General) student category if you currently have, or you were last given, permission to stay in any of the following categories:

- Tier 4 (General) Student,
- Tier 4 (Child) Student,
- Tier 1 (Post-study Work) Migrant,
- Tier 2 Migrant,
- Participant in the International Graduates Scheme (or its predecessor, the Science and Engineering Graduates Scheme),
• Participant in the Fresh Talent: Working in Scotland Scheme,
• Postgraduate Doctor or Dentist,
• Prospective Student,
• Student,
• Student Nurse,
• Student Re-sitting an Examination,
• Student Writing-Up a Thesis,
• Student Union Sabbatical Officer,
• Work Permit Holder.

What type of study can a Tier 4 (General) student do?

59. You must be studying a course which is:

• a full-time course of study that leads to a qualification at Level 6 or above of the National Qualification Framework (NQF) or its equivalents; or

• an overseas course of degree level study that is recognised as being equivalent to a UK Higher education course and is being provided by an overseas HEI; or

• a full time course involving a minimum of 15 hours per week organised daytime study (daytime study is 8am - 6pm, Monday to Friday) and (except in the case of a pre- sessional course) leading to a qualification below degree level but which must be at a minimum of NQF Level 3 or its equivalents; or

• undertaking a recognised Foundation Programme as a postgraduate doctor or dentist in the UK; or

• undertaking work as a student union sabbatical officer at your Tier 4 sponsoring institution or at the National Union of Students.

What are the acceptable levels of courses that a Tier 4 (General) student can do?

60. If you are studying with a Tier 4 sponsor that has Tier 4 Sponsor status, you can obtain a CAS for a course that leads to an approved qualification for Home Office purposes and is:

• Approved at level 3 or above on the National Qualifications Framework (NQF) or Qualifications and Credits Framework (QCF) in England, Wales and Northern Ireland; or
• Accredited at level 6 or above in the Scottish Credit and Qualifications Framework (SCQF) by the Scottish Qualifications Authority; or

• A short-term Study Abroad programme in the UK as part of the Tier 4 (General) student’s qualification at an overseas university, as long as the qualification is confirmed as being at the same level as a UK degree by UK NARIC. Contact details for UK NARIC can be found on their website at: http://www.ecctis.co.uk/naric/default.aspx; or

• An English language course at level B2 or above of the Common European Framework of Reference for Languages.

• Sponsors with Tier 4 Sponsor status can offer courses which include work placements.

61. If you are studying with a Probationary Sponsor, then you can obtain a CAS for a course that leads to an approved qualification for Home Office purposes which is:

• Approved at level 4 or above on the National Qualifications Framework (NQF) or Qualifications and Credits Framework (QCF) in England, Wales and Northern Ireland; or

• Accredited at level 7 or above in the Scottish Credit and Qualifications Framework(SCQF) by the Scottish Qualifications Authority; or

• A short-term Study Abroad Programme in the UK as part of the Tier 4 (General) student’s qualification at an overseas university, as long as the qualification is confirmed as being at the same level as a UK degree by UK NARIC. Contact details for UK NARIC can be found on their website at: http://www.ecctis.co.uk/naric/default.aspx ; or

• English language course at level B2 or above of the Common European Framework of Reference for Languages.

Sponsors with a Tier 4 sponsor licence as a Probationary Sponsor cannot offer courses below degree level that contain work placements.

Academic Progress

62. If you have a CAS and you previously had permission to stay as a Student or a Tier 4 (General) Student then your Tier 4 sponsor can only give you a CAS for a new course, if your new course represents academic progress from your previous studies. The only exceptions to this are where you are:

• re-sitting examinations or repeating modules, or

• making a first application to move to a new institution to complete a course commenced elsewhere, for example, you began a Bachelors degree course at a sponsor whose licence was revoked and you wish to move to a new
sponsor with Tier 4 Sponsor status to complete the same degree course.

63. In order for your new course to represent academic progress from your previous studies, it must:
   • be above the level of your previous course for which you were granted leave as a Tier 4 (General) Student or as a Student, or
   • involve further study at the same level, which your Tier 4 sponsor has confirmed complements the previous course for which you were granted leave as a Tier 4 (General) Student or as a Student, for example, you may be moving from a taught Masters degree to an MBA or research-based Masters degree.

   An example of academic progress would be a Tier 4 student who completes a one year Higher National Diploma at a HEI (NQF Level 5) and who then moves on to study a 3 year Bachelors degree programme (NQF Level 6).

64. In exceptional circumstances only, involve the further study at a lower level but we expect these cases to be rare.

**English language courses**

65. You can come to the UK to study an English language course. The minimum level of English language study, other than for those exceptions detailed above, is set at Common European Framework of Reference for Languages (CEFR) Level B2.

66. You are studying an English language course if you are studying English as a foreign language.

67. If you want to do another English language course after your first course, you will need to show the formal assessment of the English language level you achieved from your first course.

**Higher education courses at overseas institutions**

68. If you are enrolled on a higher education course at an overseas HEI, you can do a short-term Study Abroad Programme in the UK as part of your qualification. This is as long as the qualification is validated as the same level or above as a UK degree by UK NARIC. Contact details for UK NARIC can be found on their website at [http://www.ecctis.co.uk/naric/default.aspx](http://www.ecctis.co.uk/naric/default.aspx)

69. You do not need to provide us with evidence that your overseas course is at the right level as your Tier 4 sponsor will check this before they assign you a CAS.

**Post-graduate doctors and dentists**

70. You are allowed to do a recognised Foundation Programme as a postgraduate doctor or dentist in the UK in the Tier 4 (General) student category, as long as you meet all the requirements for the category and you are being sponsored by the UK Foundation Programme Office or Health
Education Yorkshire and the Humber or Health Education South London.

71. You must have successfully completed a recognised UK degree in medicine or dentistry from:

- a Tier 4 sponsor who has a licence to bring in students; or
- a UK publicly funded institution of further or higher education; or
- an institution on the Department for Business, Innovation and Skills list of recognised bodies or listed bodies list, which keeps satisfactory records of enrolment and attendance. These lists can be found at the following website: www.gov.uk/check-a-university-is-officially-recognised/recognised-bodies

72. You must have been given permission to stay in the UK as a student under the rules in place before 31 March 2009 or as a Tier 4 (General) student. This permission must have covered your final academic year and at least one other academic year of your studies leading to the above degree.

73. You can get a maximum period of three years permission to stay as a Tier 4 (General) student to do a recognised Foundation Programme as a postgraduate doctor or dentist.

**Student union sabbatical officer**

74. A Tier 4 (General) Student student union sabbatical job is a full-time, salaried, elected executive union position. The job may be either at your Tier 4 sponsor’s institution or with the National Union of Students of the UK. You may take this job during your studies or in the academic year immediately after you graduate.

75. If you take the job while you still have time left in your permission to stay as a Tier 4 (General) student, your Tier 4 sponsor must let us know as they are responsible for you until your permission to stay (known as leave to remain) runs out.

76. If you want to do the job at the end of your course, and you have no more time left in your permission to stay as a Tier 4 (General) Student, you must apply again and meet the requirements of the category.

77. A sabbatical job is normally for one academic year and you may be given permission to stay to cover this time. If you are re-elected after one year, you will have to apply again for further leave in this category. You can only have a student union sabbatical job for a maximum of two years.

78. The time that you spend with leave to work in a student union sabbatical job will not count towards the maximum period that you are permitted to spend in this category. For example, it will be acceptable for a Tier 4 student to spend 5 years studying at or above degree level in as well as spending 1 year working in a student union sabbatical role.
79. The requirement that a work placement be no more than 50% or 33% (depending upon the course/sponsor) of your course in the UK does not include any period that you are in post as a student union sabbatical officer.

80. You are permitted to do additional work but it is restricted to part-time work during term-time (of no more than 20 hours a week) and full-time work during vacations, if you are not working full-time for the Students’ Union in the vacations.

**Doctorate Extension Scheme**

81. If you are currently following a course leading to the award of a PhD with a Tier 4 sponsor that is a UK HEI, you can apply for the Doctorate Extension Scheme to stay in the UK for 12 months after your course has ended. Once you have successfully completed your PhD there will be fewer restrictions on the work you can do and you can use the 12 months to gain further experience in your chosen field, seek skilled work, or develop plans to set up as an entrepreneur.

82. For the purposes of the Doctorate Extension Scheme, PhD means a PhD qualification or one of the doctorate qualifications listed at Annex 5 of this guidance. This does not include Research Masters Degrees.

83. You can apply for the Doctorate Extension Scheme by making a new Tier 4 (General) application. You are expected to meet all the normal Tier 4 (General) criteria, including having a CAS from your Tier 4 sponsor.

84. You can only apply for the Doctorate Extension Scheme if you are in the UK when you make your application.

85. You can only apply for the Doctorate Extension Scheme up to 60 days before the course end date stated on the CAS you have been given to apply for the Doctorate Extension Scheme. You cannot apply after you have completed your PhD.

86. To qualify for the Doctorate Extension Scheme you must:

   - have permission to stay as a Tier 4 (General) student, or as a student under the old rules, to study a course that leads to the award of a PhD qualification;
   - be studying with a Tier 4 sponsor that is a UK HEI; and not yet have completed your course; and
   - have a CAS from your Tier 4 sponsor confirming that they expect you to complete your course on the stated expected course end date and that they will sponsor you during the 12 months you are on the scheme; and
   - be applying no more than 60 days before the expected course end date specified on your new CAS.

87. The Doctorate Extension Scheme is a sponsored scheme. Your Tier 4 sponsor must
agree to continue sponsoring you while you are on the scheme. Your sponsor is expected to maintain contact with you. As a minimum, there must be at least two contact points while you are on the scheme. Your sponsor will withdraw their sponsorship if you miss these contacts without reasonable explanation.

88. If your Doctorate Extension Scheme application is approved, you will be subject to new work conditions once you successfully complete your course. Under the new conditions, there will be no restrictions on the type of employment you may take except for as a Doctor or Dentist in training or a sportsperson (including coaches). You will be regarded as having successfully completed your course on the date that your sponsor formally confirms that your PhD is completed to the standard required for the award of a PhD.

89. If you finish your course without completing your PhD, or are awarded a lower qualification, you will not be subject to the new work conditions. Your Tier 4 sponsor will contact us and your permission to stay will be curtailed to the date you would normally receive after your course. For example if your course was three years long, your leave will be curtailed to four months from the date your course ended. 90. You do not need an ATAS clearance certificate to cover your time on the Doctorate Extension Scheme after you have finished your course.

At what point can a Tier 4 (General) student come to the UK?

91. Your course start date is the date given by your Tier 4 sponsor on your CAS.

92. If you are doing a course that is six months or longer, or for a pre-sessional course that is less than six months, you will be able to come to the UK up to one month before the start date of your course.

93. If you are doing a course that is less than six months and is not a course to prepare you for study, you will only be able to come to the UK up to seven days before the start date of your course.

How long can a Tier 4 (General) student come to the UK for?

94. The table below explains how much time a Tier 4 (General) Student can come to the UK for:

95. If you are approaching the end of a PhD you can make a further application for leave as a Tier 4 (General) Student on the Doctorate Extension Scheme. This will enable you to remain in the UK for 12 months beyond your expected course end date, during which time you will be able to work.

96. The CAS issued by your Tier 4 sponsor will include the start and end dates of your course. A course will be considered to be 12 months long if it lasts a full calendar year. For example, a course starting on 1 January 2015 and ending on 31 December 2015 will be considered to be 12 months long.

97. You are allowed to spend no more than three years in the UK studying below UK Bachelors degree level since the age of 18. We cannot approve new leave for you to study below UK Bachelors degree level, if you have already been studying below UK Bachelors degree level for three years.

98. These three years can be spent studying one course or a number of courses.
99. This three year limit does not include any time that you spend studying below UK Bachelors degree level under:

- the student rules that were in place before 31 March 2009; or
- Tier 4 (General) when you were 16 or 17 years old; or
- Tier 4 (Child) when you were aged 17 years or under; or
- any other non Tier 4 category which permits study.

100. If you have official financial sponsorship which wholly covers your fees and living costs, and your financial sponsor limits the time you may study in the UK, your permission to stay will be limited to that length of time plus the usual post-course period allowed.

101. The time that you can spend studying at or above degree level is limited to five years unless:

- you are studying a course or applying for leave to study a course at or above degree level in one of the following subject areas:
  - Architecture;
  - Medicine;
  - Dentistry;
  - Veterinary Medicine & Science;
  - Music at a music college that is a member of Conservatoires UK (CUK); or
  - Law, where the applicant has completed a course at degree level in the UK and is progressing to:
    a) a law conversion course validated by the Joint Academic Stage Board in England and Wales, a Masters in Legal Science (MLegSc) in Northern Ireland, or an accelerated graduate LLB in Scotland; or
    b) the Legal Practice Course in England and Wales, the Solicitors Course in Northern Ireland, or a Diploma in ProfessionalLegal Practice in Scotland; or
    c) the Bar Professional Training Course in England and Wales, or the Bar Course in Northern Ireland.
- you are studying or applying for leave to study for a Masters degree at an HEI, following the successful completion of an undergraduate degree where the duration of that degree course was four or five academic years. If this applies to you, the limit will be set at six years in total instead of five.
- you are on the Doctorate Extension Scheme.
• the grant of leave is to follow a course leading to the award of a PhD, Post Graduate research qualification or Research Masters Degree (as listed in Annex 5 of this guidance) and the applicant is sponsored by an HEI.

102. In all cases, if you have already completed a course leading to the award of a PhD, Post Graduate research qualification or Research Masters Degree (as listed in Annex 5 of this guidance) in the UK, the grant of leave you are seeking must not lead to you spending more than 8 years in the UK as a Tier 4 (General) Migrant, or as a Student.

103. In calculating the maximum amount of time that you spend studying at or above degree level, we will only include the length of the course and will not take into account the additional periods of leave granted before or after your main course of study that are referred to in the table at paragraph 94. Time spent studying on an exempt course will only be discounted from the maximum period of study if you are studying or applying to study such a course. Previous study on an exempt course will not be discounted.

104. Unless the above listed exceptions apply to you, we cannot approve new leave for you to study at or above UK Bachelors degree level, if you have already been studying at or above UK Bachelors degree level for five years.

105. The following scenarios are examples of course combinations that would be acceptable:

• A Tier 4 migrant spends 1 year studying a foundation degree programme, followed by 4 years studying a Bachelors degree, followed by 2 years studying a Masters degree at an HEI.

• A Tier 4 migrant spends 2 years studying a Scottish HND, followed by 2 years studying a Scottish Honours degree, followed by 2 years studying a Masters degree at an HEI.

• A Tier 4 migrant spends 2 years studying A levels (as an adult student), followed by 4 years studying a Bachelors degree in Engineering, followed by 2 years studying a research or professional Masters degree at an HEI.

• A Tier 4 migrant spends 3 years studying a university validated degree at a private college, followed by a one or two year Masters at an HEI or private college.

• A Tier 4 migrant spends 4 years studying an undergraduate course, followed by a 1 year post graduate diploma at an HEI, followed by a 1 year MBA at an HEI.

• A Tier 4 migrant spends 5 years studying an undergraduate degree followed by a three year Masters degree in music.

106. The following scenarios are examples of course combinations that would not be acceptable:
• A Tier 4 migrant who spends 2 years studying at NQF 3, followed by more than 1 year studying at NQF 5 would not be able to meet this requirement of the Immigration Rules.

• A Tier 4 migrant who spends 3 years studying at NQF 3, followed by 3 years on an NQF 6 course, followed by a further three year course at NQF 6 would not be able to meet this requirement of the Immigration Rules.

• A Tier 4 migrant who spends 3 years studying an undergraduate degree at an HEI, followed by a doctorate at a private college validated by a university would not be able to meet this requirement of the Immigration Rules.

• A Tier 4 migrant who spends 4 years studying an undergraduate degree, followed by a 2 year post graduate management qualification at a private college would not be able to meet this requirement of the Immigration Rules.

• A Tier 4 migrant who spends more than 5 years studying an NQF 6 accountancy course would not be able to meet this requirement of the Immigration Rules.

Students applying from inside the UK

107. If you are applying to continue your studies in the UK, your new course must start within 28 days of the expiry of your permission to stay or, if you have overstayed, within 28 days of when that period of overstaying began.

108. From 1 October 2012, all applications for further leave to remain will fall for refusal if a student has overstayed for more than 28 days, unless there were exceptional circumstances which prevented them from applying within the 28 day period. The 28 day period of overstaying is calculated from the latest of:

• the end of the last period of leave to enter or remain granted, or
• the end of any extension of leave under sections 3C or 3D of the Immigration Act 1971, or
• the point a written notice of invalidity is deemed to have been received, in accordance with paragraph 34C or 34CA of the Immigration Rules, in relation to an in-time application for further leave to remain.

If there are exceptional circumstances which prevent you from applying in time, you must submit evidence of the exceptional circumstances with your application. The threshold for what constitutes ‘exceptional circumstances’ is high and will depend on the individual circumstances of your case, but for example, may include delays resulting from unexpected or unforeseeable circumstances such as the following:

• serious illness which meant that you or your representative were unable to submit the application in time (where supported by appropriate medical
• travel or postal delays which meant that you or your representative were unable to submit the application in time.

• inability to provide necessary documents.

This would only apply to exceptional or unavoidable circumstances beyond your control, such as the Home Office being at fault in the loss of, or delay in returning, travel documents, or delay in obtaining replacement documents following loss as a result of theft, fire or flood (where supported by evidence of the date of loss and the date replacement documents were sought).

109. If your course has ended and you are applying from inside the UK to extend your stay, you should apply in the last three months of your permission to stay if possible. This is because as soon as we give permission to stay (if the application is approved), your new Tier 4 sponsor becomes responsible for you.

**ENGLISH LANGUAGE ABILITY**

110. Your Tier 4 Sponsor will assess your level of English language competence as part of their academic assessment of your ability to follow a particular course.

111. The level of English language ability that you must have and how your Tier 4 sponsor is allowed to assess that you are competent in English will depend on:

• when your CAS was assigned;

• the type of course you are following; and

• the type of institution at which you will be studying.

112. You may sometimes be required to attend an interview with Home Office officials, either as part of your Tier 4 application overseas, or when arriving in the UK (for example at the airport). If you are required to attend an interview and cannot show at that interview that your English language ability is at the standard required by the Immigration Rules, your entry clearance application may be refused or you may be refused permission to enter the UK.

113. A list of the approved English language tests for Tier 4, including the time period tests are valid for, and the scores you must achieve all four components (reading, writing, speaking and listening), is available on the Home Office pages at the Gov.UK website at: [www.gov.uk/government/publications/immigration-rules-appendix-o](http://www.gov.uk/government/publications/immigration-rules-appendix-o). Any English language tests sat on or after 6 April 2015 must be on this new list. Transitional arrangements apply to tests taken before this date.

**Transitional arrangements**

Transitional arrangements apply for students who sat a test before 6 April 2015. You may still be able to use your test with an application made before 5 November 2015. The test must, however, have been named in Appendix O of the Immigration Rules on 5 April 2015. Details of the tests accepted under these transitional
arrangements are available on the Gov.UK website at: https://www.gov.uk/government/publications/guidance-on-applying-for-uk-visa-approved-english-language-tests

ALL TIER 4 (GENERAL) STUDENTS ASSIGNED A CAS

114. Before they issue you a Confirmation of Acceptance for Studies (CAS), your Tier 4 sponsor will assess your level of English language ability. In some circumstances they are required to check this using a Secure English Language Test (SELT) from an approved test provider. These approved providers are listed in Appendix O of the Immigration Rules.

115. We may also interview you, either as part of your Tier 4 application overseas, or when you arrive in the UK (for example at the airport). If you were assigned a CAS on or after 21 April 2011 and you cannot show at that interview that your English language ability is of the standard required in the immigration rules and this guidance without an interpreter, we will refuse your application or refuse you permission to enter the UK.

Students studying at degree level and above (NQF 6/QCF 6/SCQF 9 or above)

116. If your sponsor is an HEI, we will allow them to choose how to assess your English language ability. If you are a ‘gifted’ student, they may not have to do this. Your sponsor must, however, ensure that you are proficient to level B2 on the Common European Framework of Reference for languages (CEFR) in each of the four components (speaking, listening, reading and writing), unless you are exempt from being proficient in a component because of a disability. If your Tier 4 Sponsor considers you a gifted student, they will explain this on your CAS. Your Tier 4 sponsor will also give you a letter confirming that the Academic Registrar has approved the waiving of the English language requirement. If you are applying from overseas, you should ensure that you have the letter with you when you enter the UK.

117. If your sponsor is not an HEI, you must demonstrate your level B2 English language competence by providing a recent secure English language test (SELT) from one of our approved test providers. You must have achieved at least CEFR level B2 in all four components (unless a test provider exempts you from sitting a component because of a disability). The list of our approved English language tests is located on our pages on the Gov.UK website at: https://www.gov.uk/government/publications/guidance-on-applying-for-uk-visa-approved-english-language-tests. This also gives details of how long tests are valid for, and the scores a Tier 4 (General) student must achieve to meet CEFR levels B1 and B2 in all four components (reading, writing, speaking and listening)

Students studying below degree level
118. If you are studying at QCF or NQF level 3, 4 or 5 (SCQF level 6, 7 or 8 in Scotland) your sponsor must ensure that you are competent in English language at a minimum level B1 on the CEFR. Whether or not your sponsor is an HEI, they must assess your English language ability at CEFR level B1 by making you provide a recent secure English language test (SELT) which confirms that you have achieved at least level B1 in all four components (unless a test provider exempts you from sitting a component because of a disability).

119. This requirement also applies to you if you are:

   a) undertaking a foundation degree;

   b) taking a pre-sessional course which is below QCF or NQF 6 before a degree course, this includes students who are sponsored by an HEI; or

   c) studying English as a foreign language under Tier 4 at CEFR level B2 or above.

**Exceptions to the English language requirement**

120. You do not have to demonstrate English language competence if you:

   a) are a Tier 4 (Child) student;

   b) have successfully completed a course of study in the UK as a Tier 4 (Child) student or as a student under rules in force before 31 March 2009, where you were under 18 when granted leave, provided your course was at least six months long and it was completed no more than two years before your CAS was assigned.

   c) have previously completed an academic qualification equivalent to a UK degree which was taught in what we call a ‘majority English-speaking’ country, (see the table below):

   or;

   d) are a national from what we call ‘majority English-speaking’ countries, (see the table below)
121. The immigration rules specify that only academic qualifications are acceptable for point c) above. We will only consider a qualification to be an academic qualification if the awarding body consider it to be an academic qualification. Professional or vocational qualifications, regardless of whether or not they are equivalent to a UK Bachelors degree, are not acceptable. If you are unsure whether or not a qualification is acceptable, you should check this with the awarding body.

122. If you are considered by your Tier 4 Sponsor to be a gifted student, your Tier 4 sponsor will explain this on your CAS. Your Tier 4 sponsor will also give you a letter confirming that the Academic Registrar has approved the waiving of the English language requirement. If you are applying from overseas, you should ensure that you have the letter with you when you enter the UK.

Claiming points for a CAS

123. You must send us the CAS reference number you have been assigned by your Tier 4 sponsor. This number must be written on your application form.

Documents used to obtain a Tier 4 (General) CAS

Please note, this does not apply if you are studying English Language Courses at level B2 of the CEFR or if you are taking a recognised Foundation Programme for Postgraduate Doctors/ Dentists. Documentary requirements for those courses are set out in paragraphs 133 to 140 below.

124. Where you qualify for our differentiation arrangements, you are not required to include the evidential documents from this section with your application. You must however confirm on your application form that you meet the requirements set out in this section, and that you hold documentary evidence in the manner required. We may request any or all of the evidential documents from this section from you even where you qualify for our differentiation arrangements.

125. If your Tier 4 sponsor has assessed your qualifications in order to assign your CAS, you must send us these qualifications with your application. For each
qualification listed, you must provide either:

i. The original certificate(s) of qualification. Each document must be the original (not a copy) and must clearly show:

- your name; and
- the title of the award; and
- the date of the award; and
- the name of the awarding institution.

(We will not accept provisional certificates whether original or a copy).

or

ii. The transcript of results. Each document must be the original (not a copy) and must clearly show:

- your name; and
- the name of the academic institution; and
- your course title; and
- the confirmation of the award.

This transcript must be original unless you have applied for your course through UCAS (Universities and Colleges Admissions Service), and:

- you are applying in the UK to study at a Higher Education Institution which has Tier 4 Sponsor status, and
- the qualification is issued by a UK awarding body for a course that you have studied in the UK.

126. You will need to know what evidence your sponsor has included on your CAS so you can provide it with your application. You must get this information directly from your Tier 4 sponsor before making your application. We will not provide this information to you.

127. If your course is at NQF level 3 or above and you have been assessed by other means (for example, references or a portfolio of artwork, interview or your Tier 4 sponsor’s own test or entrance exam), you do not have to include these documents with your application, but your Tier 4 sponsor must still include details of how they assessed you on your CAS.

128. If you have been offered a place because of the progress you have made on an existing course, your Tier 4 sponsor must include this information on your CAS. You will not need to send any documents if this is how you have been assessed.

129. Where you are following a course of study below NQF 6 or QCF 6 or SCQF 9,
your sponsor must use an approved English language test to check that you are competent in English language at a minimum of CEFR level B1 in each of the four components. Your sponsor must include information about this test on your CAS.

You must include the specified evidence with your application. We reserve the right to request any or all the evidential documents from this section from you, even if you qualify for our differentiation arrangements.

130. Where you are following a course of study at NQF 6 or QCF 6 or SCQF 9 or above with a sponsor that is not a UK HEI, your sponsor must use an approved English language test to check that you are competent in English language at a minimum of CEFR level B2 in each of the four components. The sponsor must include information about this test on your CAS. You must include the specified evidence with your application. We reserve the right to request any or all the evidential documents from this section from you, even where you qualify for our differentiation arrangements.

131. In all cases, where two or more components (reading, writing, speaking and listening) of an English language test are examined and awarded together, for example a combined exam and certificate for reading and writing skills, the specified evidence you submit must show that you achieved the required scores in all the relevant components during a single sitting of that examination, unless exempted from sitting a component on the basis of disability.

132. Where you are following a course of study at NQF 6 or QCF 6 or SCQF 9 or above with a sponsor that is a UK HEI, your sponsor may choose its own method to check that you are competent in English language at a minimum of CEFR level B2 in each of the four components. The sponsor must confirm that you are proficient to the required level on your CAS. You do not need to send in any documents to support this.

DOCUMENTS USED TO OBTAIN A TIER 4 (GENERAL) CAS ASSIGNED FOR ENGLISH LANGUAGE COURSES AT LEVEL B2 OF THE COMMON EUROPEAN FRAMEWORK FOR REFERENCE (CEFR)

133. If you qualify for our differentiation arrangements, you are not required to include the evidential documents from this section with your application. You must, however, confirm on your application form that you meet the requirements set out in this section and that you hold documentary evidence in the manner required. We will sometimes ask for these documents.

134. If your Tier 4 sponsor has assessed your qualifications in order to assign your CAS, you must send us these qualifications with your application. For each qualification listed, you must provide either:
i. Your original certificate(s) of qualification. Each document must be the original (not a copy) and must clearly show:

- your name; and
- the title of the award; and
- the date of the award; and
- the name of the awarding institution.

We will not accept provisional certificates

or

ii. Your original transcript of results. Each document must be the original (not a copy) and must clearly show

- your name; and
- the name if the academic institution; and
- the course title; and
- confirmation of the award.

This transcript must be original unless the applicant has applied for their course through UCAS (Universities and Colleges Admissions Service), and:

- the applicant is applying in the UK to study at an HEI which has Tier 4 Sponsor status, and
- the qualification is issued by a UK awarding body for a course that the applicant has studied in the UK.

135. You must get this information directly from the sponsor before making your application. We will not provide this information to you.

136. If your Tier 4 sponsor has assessed you by using one or more references, your sponsor must include details of the references assessed on your CAS.

137. For each reference assessed, you must send your original reference(s) which must contain:

- your name; and
- confirmation of the type and level of course or previous experience; and
- dates of study or previous experience; and
- date of the letter; and
• contact details of the referee.

If you cannot provide the original reference(s), you can provide a copy, together with a letter from your Tier 4 sponsor confirming it is a true copy of the reference they assessed.

138. If you have been offered a place because of the progress you have made on an existing course, your Tier 4 sponsor must include this information on your CAS. You will not need to send any documents if this is how you have been assessed.

DOCUMENTS USED TO OBTAIN A CAS FOR TIER 4 (GENERAL) STUDENTS TAKING A RECOGNISED FOUNDATION PROGRAMME FOR POSTGRADUATE DOCTORS AND DENTISTS

139. If you qualify for our differentiation arrangements, you are not required to include the evidential documents from this section with your application. You must, however, confirm on your application form that you meet the requirements set out in this section and that you hold documentary evidence in the manner required. We will sometimes ask for these documents.

140. If you are applying to take a recognised Foundation Programme as a Postgraduate Doctor or Dentist, the qualification(s) you send with your application must include your original certificate and/or original transcript of results of the UK recognised degree in Medicine or Dentistry that you completed whilst in the UK as a student.

Do I need an Academic Technology Approval Scheme (ATAS) Clearance Certificate?

141. All Tier 4 (General) students, including those who qualify for our differentiation arrangements, must obtain an ATAS clearance certificate if they are applying for entry clearance or leave to remain to take:

• undergraduate or postgraduate studies leading to a Doctorate or Masters degree by research in one of the subjects listed in paragraph 1 of Appendix 6 of the Immigration Rules; or

• undergraduate or postgraduate studies leading to a taught Masters degree or other postgraduate qualification in one of the subjects listed in paragraph 2 of Appendix 6 of the Immigration Rules; or

• study or research of more than 6 months at an institution of higher education in the UK, where this forms part of an overseas postgraduate level course, in any subject listed in Appendix 6 of the Immigration Rules.

142. Applications for an ATAS clearance certificate must be made online on the Foreign and Commonwealth Office website at www.fco.gov.uk/atas. This site also contains information about the scheme and the list of designated subjects. If you
are granted clearance, an ATAS certificate will be issued to you in an email. You must provide a copy of your ATAS clearance certificate with your application.

143. An ATAS clearance certificate is issued for a specific course with a named Tier 4 sponsor and remains valid as long as the Tier 4 sponsor and/or course details do not change, including the length of the course.

144. You will need to apply for a new ATAS certificate if:

- your course (or research) completion date is postponed for a period of more than three calendar months; or
- there are any changes to the course content (or research proposal). If you are studying a research PhD course, changes include changes other than minor changes to the areas of research or the use of any new research technique; or
- you apply for an extension of leave in order to continue on your course; or
- you wish to start a new course that requires ATAS clearance; or you move to another institution; or
- your visa was issued on or after 30 November 2007, and you need further permission to stay for writing up a thesis.

Where there is a change to the length of your course because you are deferring your studies, and sponsorship is withdrawn, the application for a new ATAS clearance certificate should be made at the time you are applying for entry clearance or leave to remain in order to start the course again.

Funds for Maintenance

What Money does a Tier 4 (General) Student need?

145. You must show that you have enough money to cover your course fees and living costs.

Course fees

146. If you are starting a new course, you must show that you have enough money to pay for your course fees for the first year of your course or for the entire course, if it is less than a year long.

147. If you have already started your course and you are applying for further leave to continue that course, you must show that you have enough money to pay for your course fees to the end of the current academic year; or for the next academic year if you will continue on your course at the start of the next academic year.

148. If you are in the UK as part of a Study Abroad Programme you must show that you have enough money to pay for any fees you are required to pay to your Tier 4
sponsor for the first year of your course or for the entire course, if it is less than a year long.

149. The amount you will need to show for course fees will be stated by your Tier 4 sponsor on your CAS.

150. Your Tier 4 sponsor will provide us with details of the cost of the course fees once the CAS has been issued. If you do not know what these fees are, you will need to check this with your Tier 4 sponsor.

151. If you have no fees to pay to your Tier 4 sponsor, your CAS must confirm that there are no fees due (for example, if these have been paid to an overseas Higher Education provider).

Living Costs

152. The amount of money you must show for living costs will depend on where you are studying in the UK. You may also have to show a lower amount of money if you already have an established presence studying in the UK.

Where you will be studying

153. The monthly living costs that you will need to show will depend on where you will be studying in the UK.

154. You must show that you have:

- £1020 per month for living costs if you are studying in inner London for the majority of your study (more than 50% of your study time);
- £820 per month for living costs if you are studying in outer London or anywhere else in the UK for the majority of your study (more than 50% of your study time).

155. You will be studying in inner London if the majority of your study (more than 50% of your study time) is in any of the following London boroughs:

156. If you want to check whether the address of your main site of study is in inner London, you can put your Tier 4 sponsor’s postcode in to the ‘About my vote website’ which can be found at (www.aboutmyvote.co.uk).

157. If you are unsure of the address of your main study site, you will need to get this address from your Tier 4 sponsor.
How many months’ money must I have?

158. The amount of money you have to show will depend on whether you already have an established presence studying in the UK.

159. You have an established presence studying in the UK if you have current entry clearance, leave to enter or leave to remain as a Tier 4 migrant, as a student, or as a Post-graduate Doctor or Dentist, and on the date of your application:

- you have finished a single course that was at least six months long within your last period of entry clearance, leave to enter or leave to remain, or
- you are applying for a continued study on a single course where you have completed at least six months of that course; or
- you are applying for you leave to remain as a Tier 4 (General) Student on the Doctorate Extension Scheme.

You can qualify for the reduced maintenance levels whether you are applying from inside the UK or from overseas. You cannot amalgamate two or more courses to make up the six months study.

160. If you do not have an established presence studying in the UK, you must show that you have money for your living costs for each month of your course, up to a maximum of 9 months.

161. If you have an established presence studying in the UK, you must show that you have money for your living costs for each month of your course up to a maximum of 2 months.

Money that can be used

162. You can use money held in an account owned by you or by your parents or legal guardian. If you are using funds held by your parent(s)/legal guardian(s), you will need to show us evidence that you are related to your parent(s)/legal guardian(s) and that you have their permission to use this money.

163. The evidence of money that you use must be:

- cash funds in the bank (this includes savings accounts and current accounts even when notice must be given); or
- a loan letter (the loan must be provided by your national government, state or regional government, or by a government sponsored student loan company or be part of an academic or educational loans scheme); or
- official financial or government sponsorship available to you.
Other accounts or financial instruments such as shares, bonds, overdrafts, credit cards and pension funds are not acceptable, regardless of notice period. Certificates of deposit are only acceptable if they do not indicate that funds are frozen.

164 The money you show us must be for your use for studying and living in the UK. The full amount of this money – which should be held in the manner specified in this guidance – must continue to be available to you after your application is made, except for any money you have to pay for course fees and living costs.

For example, you should retain the full amount of money you have shown us in your bank account, minus the balance you have paid for your course fees.

165. If you are using overseas currency, we will expect you to show (in writing on your application form) the closing balance in pounds sterling. We use the official exchange rate on the OANDA website, which can be found at www.oanda.com/convert/classic.

166. Where your funds are in a currency other than pounds sterling, the amount we consider will be based on the exchange rate for the relevant currency on the date of your application, taken from the rates published on www.oanda.com.

167. You will not be awarded points for maintenance where the money you are showing us is held in a financial institution with which the Home Office is unable to make satisfactory verification checks. This will be considered using the list in use on the date of your application. A list of financial institutions which do not satisfactorily verify financial statements will be published on Home Office pages at the Gov.UK website at: https://www.gov.uk/government/publications/immigration-rules-appendix-p

168. We will not consider money earned during a time when you or your parent(s)/legal guardian was in breach of the UK’s immigration laws as evidence of maintenance funds.

For example: Earnings made from UK employment will only be considered if you had leave to enter or remain in the UK at the time the money was earned, and in a category which permitted you to take that employment.

Money already paid to the Tier 4 sponsor

169. If you can show that you have already paid all or some of your course fees to your Tier 4 sponsor before making your application, this amount can be taken away from the total amount of money you will need to show.

170. If you can show that you have already paid all or some of your accommodation fees to your Tier 4 sponsor before making your application, this amount up to a maximum of £1,020, will also be taken away from the total amount of money you will need to show for living costs, however, the amount taken away cannot exceed a maximum of £1,020, even if you have paid more than £1,020 in advance for
accommodation.

For example, if you are studying inside Inner London, you are on a course of more than 12 months, and you have paid your course fees in full and you have an established presence.

The amount of maintenance you would need to show would be £2,040 (£1,020 for 2 months), however, as you have already paid £1,020 to your university as a contribution towards your accommodation, the amount you need to show is reduced to £1,020:

Amount of Maintenance - £2,040
Amount paid to Sponsor for accommodation - £1,020
Total maintenance they are required to show - £1,020.

This only applies if you will be staying in university or college arranged accommodation.

Official Financial Sponsorship or Government Sponsor

171. Financial sponsorship is where you are given money to cover some or all of your course fees and/or living costs. This financial sponsorship can be used as evidence of money you have.

172. You can receive official financial sponsor from Her Majesty's Government, your home government, the British Council or any international organisation, international company, university or a UK independent school.

173. If your financial sponsor is only covering some of your course fees or living costs, you must show that you have the rest of the money needed.

Documents Needed for Maintenance (funds)

174. You must show evidence that:

- you have paid all or part of your course fees and up to £1,020 towards accommodation fees to your Tier 4 sponsor; and/or
- you are receiving official financial sponsorship; and/or
- you have enough money to cover your remaining course fees and living costs, if any.

Documents needed to show money already paid to the Tier 4 Sponsor

175. If you qualify for our differentiation arrangements, you are not required to include the evidential documents from this section with your application. You must,
however, confirm on your application form that you meet the requirements set out in this section and that you hold documentary evidence in the manner required. We will sometimes ask for these or any other documents.

176. Your sponsor can include details of the money you have already paid to them on your CAS. If your Tier 4 sponsor has included details of money paid to them on your CAS, no further documents are needed to show that this money has been paid. If you do not know if your Tier 4 sponsor has included this information you will need to check this with your Tier 4 sponsor. Any money for fees and maintenance that are not shown on your CAS must be shown in a different manner by you.

177. If your Tier 4 sponsor has not included details of the money you have already paid on your CAS, you must send an original paper receipt issued by your UK Tier 4 sponsor confirming that you have paid:

- all of your fees; or
- the amount that you have paid.

Documents needed to show official financial sponsorship or government Sponsor

178. If you qualify for our differentiation arrangements, you are not required to include the evidential documents from this section with your application. You must, however, confirm on your application form that you meet the requirements set out in this section and that you hold documentary evidence in the manner required. We will sometimes ask for these or any other documents.

179. Your sponsor can include details of the Official Financial Sponsorship that they are giving to you on your CAS. No further documents are needed to show this Official Financial Sponsorship. If you do not know if your Tier 4 sponsor has included this information, you will need to check this with them.

180. In all other circumstances if you are being given Official Financial Sponsorship, you must provide a letter of confirmation from your Official Financial Sponsor on official letter-headed paper or stationery of the organisation of the official financial sponsor which must have the official stamp of that organisation on it. The letter must show:

- your name;
- the name and contact details of your official financial sponsor;
- the date of the letter;
- the length of your sponsorship; and
- the amount of money the sponsor is giving to you or a statement that your official financial sponsor will cover all of your fees and living costs.
Documents needed to show money available to you

181. If you qualify for our differentiation arrangements, you are not required to include the evidential documents from this section with your application. You must, however, confirm on your application form that you meet the requirements set out in this section and that you hold documentary evidence in the manner required. We will sometimes ask for these or any other documents.

182. You must show that you have held the required money for a consecutive 28 day period (finishing on the date of the closing balance) ending no more than 31 days before your application.

183. If you are providing evidence of maintenance from a single account, we will always assess the funds available to you from the closing balance given on the document provided as evidence.

184. Where two or more pieces of evidence from a single account are used (for example two consecutive bank statements) we will assess the funds available to you from the closing balance of the most recent document.

185. Where evidence from two or more accounts is submitted, we will assess the funds available to you as being:

- the closing balance of one account, **plus**
- any additional money available to you on the date of that closing balance, for which you have provided the required evidence.

186. We will always use the closing balance date from the account that most favours you.

187. If you are providing evidence of Official Financial Sponsorship, in addition to evidence of your own personal funds, any money paid to you by your Official Financial Sponsor will not be considered as available personal funds.

Money cannot be counted twice as evidence of maintenance.

188. The following documents can be used to show money available to you:

i. **Personal bank or building society statements covering a consecutive 28 day period ending no more than 31 days before the date of your application.** Your personal bank or building society statements must show:

- your name or your parent’s/legal guardian’s name; **and**
- the account number; **and**
- the date of the statement; **and**
- the financial institution’s name and logo; **and**
• the amount of money available.

Ad hoc bank statements printed on the bank’s letterhead are acceptable as evidence (this excludes mini-statements from cash points).

If you wish to submit electronic bank statements these must contain all of the details listed above. In addition, you will need to provide a supporting letter from your bank on company headed paper, confirming the authenticity of the statements provided.

Alternatively an electronic bank statement bearing the official stamp of the bank in question will be accepted. This stamp must appear on every page of the statement.

We will not accept statements which show the balance in the account on a particular day as these documents do not show that you hold enough funds for the full period needed.

If you want to use a joint account as proof of your money, you must be named on the account along with one or more other person.

ii. Building society pass book covering a consecutive 28 day period ending no more than 31 days before the date of your application. Your building society pass book must show:

• your name or your parent’s/legal guardian’s name; and
• the account number; and
• the financial institution’s name and logo; and
• the amount of money available.

iii. Letter from your bank confirming funds have been held for a consecutive 28 day period ending no more than 31 days before the date of your application. Your letter from a bank or building society must show:

• your name or your parent’s/legal guardian’s name; and
• the account number; and
• the date of the letter; and
• the financial institution’s name and logo; and
• the money in your account; and
• that there is enough money in the account (to cover your course fees and living costs).

iv. Letter from a financial institution regulated by either the Financial Conduct Authority, the Prudential Regulatory Authority or, in the case of overseas accounts, the home regulator (official regulatory body for the country the
institution is in and where the money is held) for the purpose of personal savings accounts, confirming funds have been held for a consecutive 28 day period ending no more than 31 days before the date of the application. Your letter from the financial institution regulated by the Financial Conduct Authority, the Prudential Regulatory Authority or home regulator must show:

- your name or your parent's/legal guardian's name; and
- the account number; and
- the date of the letter; and
- the financial institution's name and logo; and the money in your account.

v. Letter from a regulated financial institution confirming a loan

The loan letter(s) from a regulated financial institution that you send us must be dated no more than 6 months before the date of your application. The letter(s) must be the original (not a copy) and must clearly show:

- your name; and
- the date of the letter; and
- the financial institution’s name and logo;
- the money available as a loan;
- that the loan is provided by your national government, their state or regional government, a government sponsored student loan company or is part of an academic or educational loans scheme.

The financial institution must be regulated by either the Financial Conduct Authority, the Prudential Regulatory Authority or, in the case of overseas accounts, by the home regulator (the official regulatory body for the country the financial institution is in and where the money is held) for the purpose of student loans.

You cannot use loans held in the name of your parent(s) or legal guardian(s) as evidence of money held by you.

There must be no conditions placed on the release of the loan funds to you, other than your Tier 4 application being successful.

If you are using money held by your parent(s) or legal guardian(s)

189. If you qualify for our differentiation arrangements, you are not required to include the evidential documents from this section with your application. You must, however, confirm on your application form that you meet the requirements set out in this section and that you hold documentary evidence in the manner required. We will sometimes ask for these of any other documents.
190. If you are relying on money held by your parents(s)/legal guardian(s), you must show that you are related to your parent(s)/legal guardian(s). You must provide one of the following:

i. your birth certificate showing the names of your parent(s)/legal guardian(s); or

ii. your certificate of adoption showing names of both parent(s) or legal guardian(s); or

iii. a Court document naming your legal guardian(s). The document use must be the original legal document or a notarised copy.

191. If you are relying on money held by your parents(s)/legal guardian, you must also show that your parent(s)/legal guardian have given their permission for you to use this money. You must provide: a letter from your parent(s) or legal guardian(s). The letter must confirm:

- the relationship between you and your parent(s) or legal guardian(s);
- that your parent(s) or legal guardian(s) have given their consent to you using their funds to study in the UK.

Letter of parental consent (Tier 4 (General) students under the age of 18 only)

192. If you are a 16 or 17 year old Tier 4 (General) student, you have the legal right to live independently in the UK, and so may make your own arrangements for accommodation. However you require the consent of your parent(s)/legal guardian(s) to do this and to travel to the UK (if you are applying from overseas).

193. If you are 16 or 17 years old and living independently, you must provide a letter from your parent(s) or legal guardian(s), confirming:

- the relationship between you and your parent(s) or legal guardian(s);
- that your parent(s) or legal guardian(s) have given their consent to your application;
- that your parent(s) or legal guardian(s) have given their consent to you living independently in the UK; and
  that your parent(s) of legal guardian(s) have given their consent to your independent travel to the UK.

194. The letter must confirm if your parent(s) or legal guardian(s) have legal custody or sole responsibility for you. If they have sole custody then they must sign the
letter. If they do not, the letter must confirm that each of your parent(s) or legal guardian(s) agree to the contents of the letter and it must be signed by each parent or legal guardian.

TIER 4 (CHILD) STUDENTS - SPECIFIC GUIDANCE

195. Paragraphs 245ZZ to 245ZZD of the Immigration Rules contain full details of the requirements of the Tier 4 (Child) student category and you should ensure that you are familiar with the requirements of the rules.

What is the Tier 4 (Child) student category?

196. The Tier 4 (Child) student category is for children coming to the UK to be educated between four and 17 years old. Children between four and 15 years old must be educated at independent fee-paying schools.

197. It is not possible for a Tier 4 (Child) student to study at a publicly funded school. Tier 4 (Child) students may only study at a publicly funded Further Education College which is able to charge for international students, and then only once they are aged 16 or 17 years old.

198. You and your Tier 4 sponsor can agree whether you apply as a Tier 4 (General) or Tier 4 (Child) student if you are 16 or 17 years old and you will be studying a course at or above level 3 of the National Qualification Framework.

199. You must apply as a Tier 4 (Child) student if you want to study at or below level 2 of the National Qualifications Framework.

199(a) Tier 4 (Child) students who are under 16 years of age may not be offered an English language course (except insofar as this forms part of a broader programme of study being taught in accordance with the National Curriculum, the NQF, or accepted as being of equivalent academic status or fulfilling the requirements of prevailing independent school inspection standards). You can apply to come to the UK as a as a short-term student child in order to study English language for a maximum of 6 months.

Can I switch into the Tier 4 (Child) student category?

200. You can switch into the Tier 4 (Child) student category if you have, or were last given, permission to stay as:

* A Tier 4 (General) student; or
* A Tier 4 (Child) student; or
* a prospective student; or
* as a student under the Immigration Rules in place before 31 March 2009.

What are the acceptable levels of courses I can do?
201. You can do a course that is:

- taught in line with the National Curriculum; or
- taught in line with the National Qualification Framework (NQF); or
- accepted as being the same academic level as the National Curriculum or the National Qualification Framework by Ofsted (England), the Education and Training Inspectorate (Northern Ireland), Her Majesty’s Inspectorate of Education (Scotland) or Estyn (Wales); or
- taught in line with existing (also known as prevailing) independent school education inspection standards; or
- pre-sessional courses to prepare you for your main course of study. The main course of study must meet the conditions above.

When can I come to the UK?

202. Your course start date is the date given by your Tier 4 sponsor on your CAS.

203. You can come to the UK up to one month before the start date of your course.

How long can I come to the UK for?

204. The length of stay you can be given will depend on your age. If you are under 16 years old, you can be given:

- the length of stay that you ask for; or
- the length of your course; or
- six years;

You will also be given an additional four months after the end of your course.

205. If you are aged 16 or 17 years old can be given whichever is the shortest of:

- the length of stay that you ask for; or
- the length of your course; or
- three years;

You will also be given an additional four months after the end of the course.

206. If you turn 18 years old, you can carry on with your course until your permission to stay ends. If you want to do further study in the UK, you will have to apply under another category, for example, as a Tier 4 (General) student.
207. If you have official financial sponsorship which wholly covers your fees and living costs, and your financial sponsor limits the time you may study in the UK, then your permission to stay will be limited to the same length of time plus the usual additional period allowed.

**Tier 4 (Child) Students applying from inside the UK**

208. From 1 October 2012, all applications for further leave to remain will fall for refusal if a student has overstayed for more than 28 days, unless there were exceptional circumstances which prevented them from applying within the 28 day period. The 28 day period of overstaying is calculated from the latest of:

- the end of the last period of leave to enter or remain granted, or
- the end of any extension of leave under sections 3C or 3D of the Immigration Act 1971 or
- the point a written notice of invalidity is deemed to have been received, in accordance with paragraph 34C or 34CA of the Immigration Rules, in relation to an in-time application for further leave to remain.

If there are exceptional circumstances which prevent you from applying in time, you must submit evidence of the exceptional circumstances with your application. The threshold for what constitutes ‘exceptional circumstances’ is high and will depend on the individual circumstances of your case, but for example, may include delays resulting from unexpected or unforeseeable circumstances such as the following:

- serious illness which meant that you or your representative were unable to submit the application in time (where supported by appropriate medical documentation).
- travel or postal delays which meant that you or your representative were unable to submit the application in time.
- inability to provide necessary documents.

This would only apply to exceptional or unavoidable circumstances beyond your control, such as Home Office being at fault in the loss of, or delay in returning, travel documents, or delay in obtaining replacement documents following loss as a result of theft, fire or flood (where supported by evidence of the date of loss and the date replacement documents were sought).

We suggest that if your course has ended and you are applying from inside the UK to extend your stay, you should apply in the last three months of your permission to stay if possible. This is because as soon as we give permission to stay (if the application is approved), your new Tier 4 sponsor becomes responsible for you.

**Claiming points for a CAS**
209. You must send us the CAS reference number that you have been assigned by your Tier 4 sponsor. This number must be written on your application form.

**Documents used to get a CAS for Tier 4 (Child) students under 16 years old**

210. If you are under the age of 16, you will only have to provide the CAS reference number. You will not need to send any documents if this is how you have been assessed.

**Documents used to get a CAS for Tier 4 (Child) students who are 16 or 17 years old**

211. If you qualify for our differentiation arrangements, you are not required to include the evidential documents from this section with your application. You must, however, confirm on your application form that you meet the requirements set out in this section and that you hold documentary evidence in the manner required. We will sometimes request you to send us these or other documents.

212. If you are 16 or 17 year old and your Tier 4 sponsor has assessed your qualifications in order to assign the CAS, you must send us these qualifications with your application. For each qualification listed, you must provide either:

   i. **your original certificate(s) of qualification**

   Each document must be the original (not a copy) and must clearly show:
   - applicant's name; and
   - the title of the award; and
   - the date of the award; and
   - the name of the awarding institution.

   We will not accept provisional certificates

   or

   ii. **The original transcript of results**

   Each document must be the original (not a copy) and must clearly show:
   - your name; and
   - name of the academic institution; and
   - the course title; and
   - the confirmation of the award.

213. You will need to know what evidence your sponsor has included on your CAS so that you can include it with your application. You must get this information directly
from your Tier 4 sponsor before making your application. The Home Office will not provide this information to you.

214. If you have been assessed by other means (for example, references or a portfolio of artwork, interview or your Tier 4 sponsor’s own test or entrance exam), you do not have to include these documents with your application, but your Tier 4 sponsor must still include details of how they assessed you on your CAS.

What money do I need if I am a boarding student?

215. You must show you have the money available to pay your school fees (course fees and board or lodging fees) for the first year of your course or for the entire course, if it is less than a year long.

216. If you have already started your course and you are applying for new permission to continue that course, you must show that you have enough money to pay for your school fees to the end of the current academic year; or for the next academic year if you will continue on your course at the start of the next academic year.

217. The amount you will need to show for course fees will be given by your Tier 4 sponsor on your CAS.

218. If you have been assigned a CAS, your Tier 4 sponsor will already have given us details of the cost of your course fees. If you do not know what these fees are, you will need to check this with your Tier 4 sponsor.

219. If you have no fees to pay to your Tier 4 sponsor, your CAS, must confirm that there are no fees due (for example, if these have been paid to an overseas Higher Education provider).

220. If the length of your course includes a part of a month, we will round the time up to the next month. For example, if a course is seven months and two weeks, you will need to show that you have enough money for eight months.

What money do I need if I am a non-boarding student?

221. To claim 10 points for your maintenance (funds), if you are a non-boarding student then you must show that you have enough money to cover your course fees and living costs. You are a non-boarding student you are not being accommodated by your Tier 4 Sponsor.

222. The money that you will need for living costs depends on your care arrangements while in the UK. These may be that:

- you will be staying in the UK with a carer who is a resident British citizen or other UK resident; or
• you will be staying with a parent or a legal guardian who will be accompanying you to the UK (under 12 year olds only); or
• you are 16 or 17 years old and will be living independently in the UK.

Course fees

223. If you are starting a new course, you must show that you have enough money to pay for your course fees for the first year of your course or for the entire course, if it is less than a year long.

224. If you have already started your course and you are applying for new permission to continue it, you must show that you have enough money to pay for your course fees to the end of the current academic year; or for the next academic year if you will continue on your course at the start of the next academic year.

225. If you are in the UK as part of a Study Abroad Programme, you must show that you have enough money to pay for any fees that you are required to pay to your Tier 4 sponsor for the first year of your course or for the entire course, if it is less than a year long.

226. The amount that you will need to show for course fees will be given by your Tier 4 sponsor on your CAS.

227. Your Tier 4 sponsor will provide us with details of the cost of the course fees once your CAS has been issued. If you do not know what these fees are, you will need to check this with your Tier 4 sponsor.

228. If you have no fees to pay to your Tier 4 sponsor, your CAS must confirm that there are no fees due, for example, if these have been paid to an overseas Higher Education provider.

What money for living costs do I need if I am staying with a carer who is a resident British citizen or other UK resident?

229. If you are staying with a carer who is a resident British citizen or other UK resident, you must show that you have money for your course fees. You will also need to show that:

• your intended carer has agreed to look after and accommodate you in the UK for the length of your course; and
• your intended carer has at least £560 per month to look after and accommodate you in the UK for each month of your course up, to a maximum of 9 months; and
• confirmation that the intended carer is a resident British citizen or other UK resident.
230. If the length of your course includes a part of a month, we will round the time up to the next month, for example, if your course is seven months and two weeks, you must show that they have enough money for eight months.

What money do I need to show for living costs if I am under 12 years old and I am being accompanied to the UK by my parent or legal guardian?

231. If you are under 12 years old, you can be accompanied to the UK by your parent or legal guardian. Your parent or legal guardian must apply as the parent of a Tier 4 (Child) student. The money you will need to show will depend on whether there will be additional Tier 4 (Child) students coming with your parent or legal guardian.

232. If you are under 12 and you are being accompanied to the UK by a parent or legal guardian, you must show that you have money for your course fees plus £1535 for living costs for each month of your course up, to a maximum of 9 months.

233. If your parent or legal guardian is accompanying two or more of their children to the UK as Tier 4 (Child) students, if you are the first or main Tier 4 (Child) student, then you must show that you have the money for your course fees plus:

- £1535 for living costs for every month of your course up, to a maximum of 9 months; and

Each additional Tier 4 (Child) student that your parent or legal guardian are accompanying must show that they have the money for their course fees plus:

- £615 for living costs for each month of their course up, to a maximum of 9 months.

234. If the length of your course includes a part of a month, we will round the time up to the next month. For example, if your course is seven months and two weeks, you must show that you have enough money for eight months.

What money do I need to show if I am a 16 or 17 year old living independently?

235. The amount of money you must show for living costs will depend on where you are studying in the UK. As a 16 or 17 year Tier 4 (Child) student living independently, you may also have to show a lower amount of money if you already have an established presence studying in the UK.

Where a Tier 4 Child student is studying
236. The monthly living costs that a 16 or 17 year Tier 4 (Child) student living independently will need to show will depend on where he/she will be studying in the UK.

237. As a 16 or 17 year Tier 4 (Child) student living independently, you must show that you have:

- £920 per month for living costs if you are studying in inner London for the majority of your study (more than 50% of your study time);

- £715 per month for living costs if you are studying in outer London or anywhere else in the UK, for the majority of your study (more than 50% of your study time).

238. As a 16 or 17 year Tier 4 (Child) student living independently, you will be studying in inner London if the majority of your study (more than 50% of your study time) is in any of the following London boroughs:

239. If you want to check whether the address of your main site of study is in inner London, you can put your Tier 4 sponsor’s postcode in to the ‘About my vote website’ which can be found at (www.aboutmyvote.co.uk).

240. If you are unsure as to the address of your main study site, you will need to get this address from your Tier 4 sponsor.

**How many months money must I show I have?**

241. If you are a 16 or 17 year Tier 4 (Child) student living independently, you must show that you have enough money to cover your monthly living costs whilst you are studying in the UK.

242. The amount of money you have to show will depend on whether you already have an established presence studying in the UK. If you have an established presence studying in the UK, you will need to show less money for living costs.

243. You have an established presence studying in the UK if you have current entry clearance, leave to enter or leave to remain as a Tier 4 migrant, as a student, or as a Post-graduate Doctor or Dentist, and on the date of your application:

- you have finished a single course that was at least six months long within your last period of entry clearance, leave to enter or leave to remain; or
- you are applying for a continued study on a single course where you have completed at least six months of that course.

You can qualify for the reduced maintenance levels whether you are applying from inside the UK or from overseas. You cannot amalgamate two or more courses to
make up the six months study. You can qualify for the reduced maintenance levels whether you are applying from inside the UK or from overseas.

244. If you do not have an established presence studying in the UK, you must show that you have money for your living costs for each month of your course up, to a maximum of 9 months.

245. If you have an established presence studying in the UK, you must show that you have money for your living costs for each month of your course up, to a maximum of 2 months.

How much money must I show I have?

246. If you do not have an established presence studying in the UK, you must show that you have money for your course fees plus:

- **Inner London** - £920 for living costs for each month of your course up, to a maximum of 9 months.

- **Outer London or anywhere else in the UK** - £715 for living costs for each month of your course, up to a maximum of 9 months.

247. If you have an established presence studying in the UK, then you must show that you have money for your course fees plus:

- **Inner London** - £920 for living costs for each month of your course, up to a maximum of 2 months.

- **Outer London or anywhere else in the UK** - £715 for living costs for each month of your course up to a maximum of 2 months.

248. If the length of your course includes a part of a month, we will round the time up to the next month. For example, if your course is seven months and two weeks, you must show that you have enough money for eight months.

249. Examples of the money you require are given in Annex 4.

Money that can be used by a Tier 4 (Child) Student

250. You can use money held in an account owned by you or by your parents. No additional evidence of this relationship is required.

251. The evidence you are using must be of cash funds in the bank (this includes savings accounts and current accounts even when notice must be given), as a loan letter or official financial or government sponsorship available to you. Other accounts or financial instruments such as shares, bonds, overdrafts, credit cards and pension funds are not acceptable, regardless of notice period.
252. The money you show us must be for your use for studying and living in the UK. The full amount of this money - which should be held in the manner specified in this guidance - must continue to be available to you after your application is made, except for any money you have had to pay for course fees and living costs. For example, you should retain the full amount of money you have shown us in your bank account, minus the balance you have paid for your course fees.

253. If you are using overseas currency, we will expect you to show (in writing on your application form) the closing balance in pounds sterling. We use the official exchange rate on the OANDA website, which can be found at www.oanda.com/convert/classic.

254. Where your funds are in a currency other than pounds sterling, the amount we consider will be based on the exchange rate for the relevant currency on the date of your application, taken from the rates published on www.oanda.com.

255. You will not be awarded points for maintenance where the money you are showing us is held in a financial institution with which the Home Office is unable to make satisfactory verification checks. This will be considered using the list in use on the date of your application. A list of financial institutions which do not satisfactorily verify financial statements will be published on our website at: www.gov.uk/government/publications/immigration-rules-appendix-p.

256. We will not consider money earned during a time when you or your parent(s)/legal guardian was in breach of the UK’s immigration laws as evidence of maintenance funds.

For example: Earnings made from UK employment will only be considered if you had leave to enter or remain in the UK at the time they were earned, and in a category which permitted you to take that employment.

Money already paid to the Tier 4 sponsor

257. If you can show that you have already paid all or some of your course fees to your Tier 4 sponsor before making your Tier 4 application, this amount can be taken away from the total amount of money you will need to show.

258. If you have already paid some money to your Tier 4 sponsor for your accommodation fees before making your application, this money can be deducted from the total amount of money you will need to show for living costs, however the amount deducted cannot exceed £1,020, even if you have paid more than £1,020 in advance for accommodation.

This applies if you will be staying in school or college arranged accommodation except where you are a Tier 4 (Child) boarding student at a residential independent school.

Official Financial Sponsorship or Government Sponsor
259. You are financially sponsored if you are given money to cover some or all of your course fees and/or living costs. This financial sponsorship can be used as evidence of money you have.

260. You can receive official financial sponsor from Her Majesty’s Government, your home government, the British Council or any international organisation, international company, university or UK independent school.

261. If your financial sponsor is only covering some of your course fees or living costs, you must show that you have the rest of the money needed.

**DOCUMENTS NEEDED TO CLAIM POINTS FOR MAINTENANCE**

262. To claim 10 points for Maintenance, you must show evidence that you:

- have paid all or part of your school fees, or course fees and up to £1,020 towards your accommodation fees to your Tier 4 sponsor; **and/or**

- are receiving official financial sponsorship; **and/or**

- have enough money to cover your remaining course fees and living costs, if any.

**Documents needed to show money already paid to the Tier 4 sponsor**

263. If you qualify for our differentiation arrangements, you are not required to include the evidential documents from this section with your application. You must, however, confirm on your application form that you meet the requirements set out in this section and that you hold documentary evidence in the manner required. We will sometimes ask you to send us these or other documents.

264. Your Tier 4 sponsor can include details of the money you have already paid to them on your CAS. If your Tier 4 sponsor has included details of money paid to them on your CAS, no further documents are needed to show that this money has been paid. If you do not know if your Tier 4 sponsor has included this information then you will need to check this with your Tier 4 sponsor.

Any money for fees and maintenance that are not shown your CAS must be separately shown by you in the evidence or documents that you submit with your application.

265. If your Tier 4 sponsor has not included details of the money you have already paid on your CAS, you must send an original paper receipt issued by your UK Tier 4 sponsor confirming that you have paid:
all of your fees; or
• the amount that has been paid.

Documents needed to show official financial sponsorship or government sponsorship

266. If you qualify for our differentiation arrangements, you are not required to include the evidential documents from this section with your application. You must, however, confirm on your application form that you meet the requirements set out in this section and that you hold documentary evidence in the manner required. We will sometimes ask you to send us these or other documents.

267. Your Tier 4 sponsor can include details of Official Financial Sponsorship that they are giving to you on your CAS. No further documents are needed to show this Official Financial Sponsorship. If you do not know if your Tier 4 sponsor has included this information, you will need to check this with your Tier 4 sponsor.

268. In all other circumstances, if you are being given Official Financial Sponsorship, you must provide a letter of confirmation from your Official Financial Sponsor on official letter-headed paper or stationery of the organisation of the official financial sponsor and have the official stamp of that organisation on it. The letter must show:

• your name; and
• the name and contact details of your official financial sponsor; and
• the date of the letter; and
• the length of the sponsorship; and
• the amount of money your sponsor is giving to you or a statement that your official financial sponsor will cover all of your fees and living costs.

Documents needed to show money available to the Tier 4 (Child) student

269. If you qualify for our differentiation arrangements, you are not required to include the evidential documents from this section with your application. You must, however, confirm on your application form that you meet the requirements set out in this section and that you hold documentary evidence in the manner required. We will sometimes ask you to send us these or other documents and we reserve the right to request any or all the evidential documents from this section from you.

270. When submitting your application, you must show that you have held the required
money for a consecutive 28 day period (finishing on the date of the closing balance) ending no more than 31 days before your application.

271. Where you are providing evidence of maintenance from a single account, we will always assess the funds available to you from the closing balance given on the document provided as evidence.

272. Where two or more pieces of evidence from a single account are used (for example two bank consecutive bank statements) we will assess the funds available to you from the closing balance of the most recent document.

273. Where evidence from two or more accounts is submitted, we will assess the funds available to you as being:

- the closing balance of one account, plus
- any additional money available to you on the date of that closing balance, for which you have provided the required evidence.

We will always use the closing balance date from the account that most favours you.

274. Where you are providing evidence of Official Financial Sponsorship, in addition to evidence of your own personal funds, any money paid to you by your Official Financial Sponsor will not be considered as available personal funds. Money cannot be counted twice as evidence of maintenance.

275. The following documents can be used to show money available to you:

i. **Personal bank or building society statements covering a consecutive 28 day period ending no more than 31 days before the date of your application.** Your personal bank or building society statements must show:

- your name or your parent(s) or legal guardian(s); **and**
- the account number; **and**
- the date of the statement; **and**
- the financial institution’s name and logo; **and**
- the amount of money available.

Ad hoc bank statements printed on the bank’s letterhead are admissible as evidence (this excludes mini-statements from cash points).

If you wish to submit electronic bank statements these must contain all of the details listed above. In addition, you will need to provide a supporting letter from your bank, on company headed paper, confirming the authenticity of the statements provided.
Alternatively an electronic bank statement bearing the official stamp of the bank in question will be accepted. This stamp must appear on every page of the statement.

We will not accept statements which only show the balance in the account on a particular day as these documents do not show that you hold enough funds for the full period needed.

If you want to use a joint account as proof of your money, you must be named on the account along with one or more other person.

ii. Building society pass book covering a consecutive 28 day period ending no more than 31 days before the date of your application. Your building society pass book must show:

- your name or your parent(s) or legal guardian(s) name; and
- the account number; and
- the financial institution’s name and logo; and
- the amount of money available.

iii. Letter from the student’s bank confirming funds have been held for a consecutive 28 day period ending no more than 31 days before the date of your application. Your letter from a bank or building society must show:

- your name or your parent(s) or legal guardian(s) name; and
- the account number; and
- the date of the letter; and
- the financial institution’s name and logo; and
- the money in the student’s account; and
- that there is enough money in the account (to cover your course fees and living costs).

iv. Letter from a financial institution regulated by either the Financial Conduct Authority, the Prudential Regulatory Authority or, in the case of overseas accounts, the home regulator (official regulatory body for the country the institution is in and where the money is held) for the purpose of personal savings accounts, confirming funds have been held for a consecutive 28 day period ending no more than 31 days before the date of the application. Your letter from the financial institution regulated by the Financial Conduct Authority, the Prudential Regulatory Authority or home regulator must show:

- your name or your parent(s) or legal guardian(s) name; and
- the account number; and
• the date of the letter; and
• the financial institution’s name and logo; and
• the money in your account.

v. Letter from a regulated financial institution confirming a loan

The loan letter(s) from a regulated financial institution that you send us must be dated no more than 6 months before the date of your application. The letter(s) must be the original (not a copy) and must clearly show:

• your name; and
• the date of the letter; and
• the financial institution’s name and logo;
• the money available as a loan;
• that the loan is provided by your national government, their state or regional government, a government sponsored student loan company or is part of an academic or educational loans scheme.

The financial institution must be regulated by either the Financial Conduct Authority, the Prudential Regulatory Authority or, in the case of overseas accounts, by the home regulator (the official regulatory body for the country the financial institution is in and where the money is held) for the purpose of student loans.

You cannot use loans held in the name of your parent(s) or legal guardian(s) as evidence of money held by you.

There must be no conditions placed on the release of the loan funds to you, other than your Tier 4 application being successful.

PARENTAL CONSENT

276. If you require the consent of your parent(s)/legal guardians to travel to the UK, you must provide a letter from their parent(s) or legal guardian, confirming:

• the relationship between your parent(s) or legal guardian and you;
• that your parent(s) or legal guardian have given their consent to your application;
• that your parent(s) or legal guardian agrees to your living arrangements in the UK;
• that your parent(s) or legal guardian agrees to the arrangements made for your travel to and reception in the UK (for people applying from outside the UK only);
The letter must confirm if your parent(s) or legal guardian have legal custody or sole responsibility for you. If they have sole custody they must sign the letter. If they do not, the letter must confirm that each parent or legal guardian agrees to the contents of the letter and it must be signed by each parent or legal guardian.

Additional evidence if you are a 16 or 17 year old and you are living independently.

277. If you are 16 or 17 years old, then you have the legal right to live independently in the UK, and so you may make your own arrangements for accommodation.

278. You must provide a letter from your parent(s) or legal guardian, confirming their consent to:

- you living independently in the UK;
- your independent travel to the UK.

This information can also be included in the parental consent letter.

Additional evidence if you are staying with a resident British citizen or other UK resident who is a close relative or in a private foster care arrangement

279. If you are living with a resident British citizen or other UK resident who is a close relative or in a private foster care arrangement, you must show that you have suitable arrangements in place for your care. You must show us all the below evidence:

i. A written (undertaking) letter from the intended carer confirming the care arrangement which must show:

- the name, current address and contact details of the intended carer; and
- the address where the carer and you will be living in the UK if different from the intended carer’s current address; and
- confirmation that the accommodation offered to you is a private address, and not operated as a commercial enterprise, like a hotel or a youth hostel; and
- the nature of the relationship between your parent(s) or legal guardian and your intended carer; and
- that your intended carer agrees to the care arrangements for you; and
- that they have at least £560 per month (up to a maximum of nine months) available to look after and accommodate you for the length of your
course; and

- a list of any other people that your intended carer has offered support to; and

- their signature and date of the undertaking.

ii. A letter from your parent(s) or legal guardian confirming the care arrangement which must show:

- the nature of their relationship with the intended carer; and

- the address in the UK where you and your intended carer will be living; and

- that your parent(s) or legal guardian support the application, and

- authorise the intended carer to take responsibility for the care of you during your stay in the UK.

iii. Proof to confirm the intended carer is allowed to be in the UK which must be either:

- their current UK or European Union passport; or

- their current passport or travel document to confirm that they are allowed to stay in the UK; or

- their certificate of naturalisation.

(We will accept a notarised copy of the original passport or travel document, but reserve the right to request the original.)

280. If you are living with a close relative, no further documentation is required.

If you are staying in a private foster care arrangement, you must receive permission from your private foster carer’s UK local authority. This is explained in the ‘Children (Private Arrangements for Fostering) Regulations 2005’. Details of the act can be viewed at: www.opsi.gov.uk/si/si2005/20051533.htm.

281. If you are staying in a private foster care arrangement and you are under 16 years old, you must provide both:

i. A copy of the letter of notification from your parent(s), legal guardian or intended carer to the UK local authority. This must confirm that you will be in the care of a private foster carer while in the UK.

and

ii. The UK local authority’s confirmation of receipt. This must confirm that the local authority has received notification of the foster care arrangement.
FURTHER POLICY GUIDANCE— FOR ALL STUDENTS

Can I bring my partner and/or children with me?

282. Only new students sponsored by an HEI on a course at NQF level 7 or above lasting 12 months or more, new government sponsored students following a course that is longer than six months and Doctorate Extension Scheme students will be able to bring their partners and/or children (also known as dependants) to the UK with them.

283. Dependants with existing leave wishing to extend their stay in the UK will be allowed to extend provided they apply at the same time as you apply to undertake a course of study that is longer than six months in duration. Any partners or children who want to come to the UK must make an application under the Points Based System dependants’ rules. The Points Based System dependants’ guidance provides more information on this and can be found on our website at: www.gov.uk/government/publications/guidance-for-dependants-of-uk-visa-applicants-tiers-1-2-4-5

284. If you are a Tier 4 (Child) student, then you are not allowed to bring partners to the UK with you as dependants. If you have any children under the age of 18 who are living with you or who you are financially responsible for then you are not able to come to the UK as a Tier 4 (Child) student.

285. If you are married or you have a partner who wants to come with you, the only way they can accompany you is if they make an application of their own, in another immigration category, rather than as your dependant.

What general conditions will be attached to my stay in the UK?

287. Whilst in the UK you must:

- Not work other than as your conditions of stay allow – see paragraph 315 below;
- Not work as a doctor or a dentist in training;
- Not study other than as your conditions of stay allow;
- Not claim any state benefits (known as public funds) that you are not entitled to;
- Register with the police, if this is needed by paragraph 326 of the Immigration Rules.
Can I work whilst in the UK?

288. If you are following a course at NQF 6 or QCF 6 or SCQF 9 or above with a sponsor which is a Recognised Body or a UK HEI, or you are undertaking a short-term study abroad degree programme at an overseas Recognised Body or HEI the following work is allowed:

- no more than 20 hours a week during term time;
- full-time during vacations;
- on a work placement as part of the course, providing the work placement does not amount to more than 50% of the course;
- as a postgraduate doctor on a recognised Foundation Programme, providing you are being sponsored by the UK Foundation Programme Office.
- as a postgraduate dentist on a recognised Foundation Programme, providing you are being sponsored by Health Education Yorkshire and Humber or Health Education South London;
- as a student union sabbatical officer for up to two years.

289. If you are following a course at NQF 3/4/5 or QCF 3/4/5 or SCQF 6/7/8, with a sponsor which is a UK HEI, the following work is allowed:

- no more than 10 hours a week during term time;
- full-time during vacations;
- on a work placement as part of the course, providing the work placement does not amount to more than 33% of the course;
- as a student union sabbatical officer for up to two years.

290. If you are following a course at any level with a sponsor which is a publicly funded further education college, the following work is allowed:

- no more than 10 hours a week during term time;
- full-time during vacations;
- on a work placement as part of a course, providing the work placement does not amount to more than 33% of the course;
- as a student union sabbatical officer for up to two years.

291. If you are following a course at any level with a Tier 4 sponsor which is a private provider, you are not allowed to work whilst in the UK. You can undertake a work placement that is an integral part of your course - paragraphs 301 to 306 below explain the work placements that you are allowed to do.

292. If you are allowed to work, you must not be employed as any of the
following:

- an entertainer, unless you are:
- a Doctorate Extension Scheme student and you have completed your course; or
- undertaking a course of study in music or dance at NQF/QCF 6 or SCQF 9 or above, and you are undertaking a work placement which involve professional performance and that performance has been arranged by your sponsoring education provider and is an assessed part of your course;
- a doctor in training (unless the course that you are being sponsored to do, as recorded on your CAS, is a recognised Foundation Programme); or
- a professional sportsperson (including coach).

293. If you are allowed to work, you must not be self-employed unless you are either on the Doctorate Extension Scheme and you have successfully completed your course, or:

- you have successfully completed a course at degree level or above at a sponsor that is a Recognised Body or a body in receipt of public funding as a HEI from the Department of Employment and Learning in Northern Ireland, the Higher Education Funding Council for England, the Higher Education Funding Council for Wales or the Scottish Funding Council; and
- you have made an application for leave to remain as a Tier 1 (Graduate Entrepreneur) Migrant which is supported by an endorsement from a qualifying Higher Education Institution before your Tier 4 leave has ended (and any appeal against that decision has been determined); and
- you have yet to receive a decision on your Tier 1 (Graduate Entrepreneur) Migrant application.

294. If you are allowed to work, you must not fill a full-time permanent vacancy (other than on a recognised Foundation Programme) unless you are either on the Doctorate Extension Scheme and you have successfully completed your course or:

- you have successfully completed a course at degree level or above at a Sponsor that is a Recognised Body or a body in receipt of public funding as a HEI from the Department of Employment and Learning in Northern Ireland, the Higher Education Funding Council for England, the Higher Education Funding Council for Wales or the Scottish Funding Council; and
- you have made a Tier 2 application supported by a Certificate of Sponsorship assigned by a licensed Tier 2 Sponsor before your Tier 4 leave has ended (and any appeal against that decision has been determined);
and
• you will be employed in the role for which that Certificate of Sponsorship was assigned; and
• you have yet to receive a decision on your Tier 2 application.

295. You are on the Doctorate Extension Scheme and have successfully completed your course if:

• you have made a successful application for leave to remain as a Tier 4 (General) student on the Doctorate Extension Scheme and your sponsor has formally confirmed that your PhD is completed to the standard required for the award of a PhD; or
• you have made an application for leave to remain as a Tier 4 (General) student on the Doctorate Extension Scheme that has yet to be decided and:
  • you have permission to stay as a Tier 4 (General) student to study a course that leads to the award of a PhD qualification and
  • you were last studying with a Tier 4 sponsor that is an HEI; and
• you have a CAS from your Tier 4 sponsor confirming that they expect you to successfully complete your course and that they will sponsor you during the 12 months you are on the scheme; and
• you applied no more than 60 days before the end date of your course (as stated on your CAS); and
• your sponsor has formally confirmed that your PhD is completed to the standard required for the award of a PhD.

296. If you are a Tier 4 (Child) student under the age of 16 years old, you cannot work at all during your time in the UK.

297. If you are a Tier 4 (Child) student who is over the age of 16 years old, you are allowed to work if it is:

• which is no more than 10 hours a week during term-time; full-time during vacations;
• on a work placement as part of the course, providing the work placement does not exceed 50% of the course;
• as a student union sabbatical officer for up to two years.

298. If you are a Tier 4 (Child) Student who is permitted to work, you must not fill a full-time permanent vacancy and you must not be self-employed, employed as a doctor in training or as a professional sportsperson (including coach) or entertainer.
299. If you are allowed to work, you can work full-time during vacation periods, within the limits detailed above. If, having fully completed the course for which your CAS was assigned, you make an application for leave under the Points Based System before your existing leave expires, you will be permitted to work full-time, within the limits described above, until your application is decided.

300. You may work full-time after your course has ended provided your conditions of stay permit work during term time and you have leave to stay in the UK. The period at the end of the course is considered vacation time.

If you stop studying before completing your course you will no longer be entitled to work and will be in breach of your conditions of leave if found working.

**What types of work placements am I permitted to take?**

301. If you are a Tier 4 (General) student or a Tier 4 (Child) student, then in certain circumstances, you will be permitted to undertake a work placement as part of your course, providing it is an integral and assessed part of the course. If you are permitted to have a work placement as part of your course, then the time you spend on it must not exceed 33% of the total length of your course, unless:

- your course is at NQF/QCF 6 or SCQF 9 or above and will be studied at a Recognised Body or a HEI. In these circumstances, your work placement must not be more than 50 per cent of the total length of the course; or
- your course is at NQF/QCF 6 or SCQF 9 and forms part of a study abroad programme. In these circumstances, your work placement must not be more than 50 percent of the total length of the course; or
- you are a Tier 4 (Child) aged 16 or above. In this instance, your work placement must not be more than 50 percent of the total length of the course; or
- there is a UK statutory requirement for the course to contain a specific period of work placement which exceeds this limit. The work placement must also be an integral and assessed part of the course.

302. If you are undertaking a course of study in music or dance at NQF/QCF 6 or SCQF 9 or above, then you are able to undertake a work placement as part of the course which involves a professional performance, where the performance has been arranged by your Tier 4 sponsor and it is an integral and assessed part of the course.

303. If you will be studying at Tier 4 Sponsor who is not a sponsor with Tier 4 Sponsor status, and your course is below degree level your course cannot include a work placement.

304. If you are under 16 years old, then you are not allowed to work in the UK, and so you cannot do a work placement as part of your course of study here.
305. If you are enrolled on a higher education course at an overseas HEI and you are coming to the UK to do part of your course, you may also do a work placement as part of your course as long as it is no more than 50% of your study in the UK.

306. If you have a CAS for a course which involves a work placement, your Tier 4 sponsor will remain responsible for you throughout your work placement.

**Can I volunteer while I am studying?**

307. Tier 4 (General) students and Tier 4 (Child) students can volunteer while they are studying. Voluntary work is distinct from volunteering.

308. If you are a Tier 4 (General) student you can do voluntary work if you are permitted to work, but this work and any other (e.g. paid) work that you do must not exceed the number of hours you are permitted to work during term time. For example, if you can work for 20 hours during term time and have paid work of 15 hours a week during term time, you cannot do more than 5 hours voluntary work per week. If you are not permitted to work you cannot do voluntary work. Tier 4 (Child) students aged 16 and over can undertake voluntary work.

Factors that may be taken into account when considering whether it is voluntary work or volunteering are:

- Voluntary workers will usually have contractual obligations to perform the work (e.g. to attend at particular times and carry out specific tasks) with the employer being contractually required to provide the work – the contract does not have to be written. The worker is usually remunerated in kind.

- Students who are volunteering do not have a contract, they must not be a substitute for an employee and they must not be doing unpaid work – i.e. receiving payment in kind (although they are sometimes reimbursed for reasonable travel and subsistence expenses). Volunteers usually help a charity or voluntary or public sector organisation.

**Can I take a Pre-sessional course to prepare me for my main course of study in the UK?**

309. A pre-sessional course is a preparatory course which will directly precede your main course of study in the UK. It is designed to enable you to acquire the ancillary skills or knowledge necessary to adjust to study in the UK. Usually this will be supplementary English language training or some instruction in the British education system. Courses which are designed to give you fundamental training in the subject area as a stepping stone to higher study – e.g. a Foundation degree – or courses, which form an integral part of your main course of study but which are administered separately will not be considered as pre-sessionals. The pre-sessional course will be studied prior to your main course of study and may in some cases lead to a recognised qualification.
310. If you are a Tier 4 (General) student, then you can be given permission to stay to cover both your pre-sessional course and your main course where your CAS is:

- issued by a UK HEI to cover both a pre-sessional course of no longer than three months’ duration and a main degree course; and
- you have an unconditional offer of a place on a degree level course of study at that UK HEI. This includes where the pre-sessional course is to allow you to reach B2 level in English language and your sponsor is satisfied that you will reach that level at the end of the pre-sessional; and
- your course of degree level study commences no later than one month after the end date of your pre-sessional course.

311. If you are a Tier 4 (Child) Student, then you can be given permission to stay to cover both your pre-sessional course and your main course where your CAS is:

- issued by an independent school to cover both a pre-sessional course and a main course at an independent school; and
- you have an unconditional offer of a place on a main course at an independent school; and
- the duration of your pre-sessional course and your main course does not exceed maximum length of permission to stay that you can be given as a Tier 4 (Child) student.

312. All other Tier 4 students wishing to do a course before their main course must make a separate Tier 4 application for each course. Both courses must satisfy the full criteria of Tier 4, including the English language testing requirements (where they apply) and the minimum course level.

Can I do extra studies whilst in the UK?

313. You are allowed to do a supplementary course, for example, an evening class, as well as your main course of study. This supplementary course can be in any subject, and does not have to relate to your main course of study. You do not need permission from us to undertake a supplementary course and you are not required to tell your Tier 4 sponsor. However, you must make sure that your supplementary course does not in any way hinder your progress on your main course of studies.

What do I do if I want to take the same or a different course of study in the UK with a new Tier 4 sponsor?

314. The type of permission you need if you want to study with a new Tier 4 sponsor
will depend on the sponsor rating of your Tier 4 sponsor and when you applied for your last grant of leave. There are different rules for students studying with a sponsor with Tier 4 Sponsor status and for students who made their last Tier 4 application on or after 5 October 2009.

**Students who applied on or after 5 October 2009**

315. If you want to study with a new Tier 4 sponsor and you made your last Tier 4 application on or after 5 October 2009, you must apply for new permission to stay.

316. You can start your new course before your new Tier 4 application has been approved if:

- you have applied for permission to stay to study with a Tier 4 sponsor that has Tier 4 Sponsor status; and
- you have existing leave to study in the UK; and
- your Tier 4 sponsor has assigned a CAS to you for your new course.
- you do this at your own risk as it is possible that your application will be refused and you may not be able to go back to your old course.

317. If you are applying to study with a Tier 4 sponsor that has Probationary status sponsor rating, you cannot start your new course until your new Tier 4 application has been approved.

**Students who have valid permission to stay following an application made before 5 October 2009**

318. If you want to study with a new Tier 4 sponsor and you made your last Tier 4 application before 5 October 2009, you must get permission from us if you have time left in your permission to stay, and want to do the same or a different course of study with a new Tier 4 sponsor. You should apply using the Tier 4 (Permission to Switch) application form which is available on our website: [www.gov.uk/tier-4-general-visa](http://www.gov.uk/tier-4-general-visa)

319. We will consider the application and write to you saying whether or not you are allowed to use your existing permission to stay to study with the new Tier 4 sponsor if:

- the Tier 4 sponsor is approved by us and on our Tier 4 register of sponsors (which can be found on our website); and
- we can confirm the Tier 4 sponsor wants to act as your new Tier 4 sponsor; and
- the course meets the requirements for the Tier 4 (General) or Tier 4 (Child) student category, although you may continue to study a English language
course at CEFR level A2, or above.

320. If you have told us about changing your Tier 4 sponsor, you can start the new course before you get permission from us, but you do so at your own risk as we could refuse the permission. We will write to you to confirm that we have received your request to change Tier 4 sponsor.

321. Under the Immigration Rules, we may limit your remaining permission to stay if you change your Tier 4 sponsor without getting our permission. Further information on this can be found in Annex 1.

322. If you want to take up a new course of study, either with your existing Tier 4 sponsor or with a new Tier 4 sponsor, and the length of your new course goes beyond your current permission to stay, you will need to submit a new application to us.

**What do I do if I want to do a different course of study with my Tier 4 sponsor?**

323. Whether you need to apply for further leave to remain if you want to do a different course of study with your Tier 4 sponsor instead of the course for which your permission to stay was granted depends on whether you have completed the course for which your leave was granted.

324. You do not have to apply for further leave if you have not completed the course for which your leave was granted and you are starting a different course with the same Tier 4 sponsor. You must have enough leave remaining to cover the new course and the new course must still represent academic progression from their last course if you are a Tier 4 (General) student.

325. You must apply for further leave if you have completed the course for which your leave was granted and you want to study a new course with the same Tier 4 sponsor. You must apply before beginning your new course unless:

- your Tier 4 sponsor is an HEI; and
- your sponsor has Tier 4 Sponsor status;
- you have current leave to stay;
- the new course starts on or before 1 November 2015.

If those circumstances apply, you must make your application for further leave to remain within six weeks of the start of your course or before your leave expires, whichever is earlier.

326. If your new course is shorter than the course you got permission to stay for, you must tell us by emailing us. The email address you should send this to is: MigrantReporting@homeoffice.gsi.gov.uk
327. If your new course is longer than the course you got permission to stay for and you do not have enough time left in your permission to stay, you must make a new application for extra permission to stay to finish your new course. You can make this application at any time during your permission to stay, although we recommend that you make your application as soon as possible.

**What happens if my course ends early?**

328. If your course finishes early because you have successfully completed your course earlier than expected, we will curtail your leave so that you have the same wrap-up period of leave after the new course end date as you were originally given for your original course end date. For example, if you were originally granted leave with a wrap-up period of four months after the end date of your course, we will normally curtail your leave so that you have four months leave remaining after your new course end date.

329. Annex 1 of this guidance explains what will happen if your course finishes early because your Tier 4 sponsor has lost their Tier 4 sponsor licence.

330. In all other circumstances if your course finishes early and you have not successfully completed your studies, we will limit your permission to stay to 60 days, unless you have less than 60 days leave remaining.

**What checks will you make on the documents I send with my application?**

331. Annex 2 provides full details of the verification and other checks that we may make when we consider the documents sent with your application.

**What can I do if my application is refused?**

332. Even if you meet the requirements for the category you are applying under, there may be other reasons that may mean we refuse the application, for example, your previous immigration history. More information on general grounds for refusal can be found on our website at: [www.gov.uk/government/collections/chapter-9-refusal-of-entry-clearance-leave-to-enter-or-remain-immigration-directorate-instructions](http://www.gov.uk/government/collections/chapter-9-refusal-of-entry-clearance-leave-to-enter-or-remain-immigration-directorate-instructions)

**Appeal and Administrative Review Rights - applications made in the UK**

**Applications for permission to stay made before 20 October 2014**

333. If your application for permission to stay under Tier 4 was made on 19 October
2014 or before and we refuse it, you may be able to submit an appeal if you want to challenge the decision. Details on whether and how you can appeal against our decision will be included with the reasons for refusal letter.

**Applications for permissions to stay made on or after 20 October 2014**

334. If your application for permission to stay under Tier 4 was made on or after 20 October 2014, you cannot appeal against our decision. However, you may ask us to check our decision under “administrative review” decision if you think the Home Office has made an error in considering your application.

More information and how to apply for administrative review of a decision made on an application made from within the UK can be found on our website at: https://eforms.homeoffice.gov.uk/test/UKVI_Admin_Review_Guidance.ofml

More information on how to apply for administrative review of a decision made on an application made outside the UK is in Annex 4.
Annex 1: Tier 4 Sponsor Duties and Licence Status

The duties of the Tier 4 sponsor

1. Tier 4 sponsor is your licensed sponsor while you are in the UK and they have a number of duties that they must comply with.

Record keeping duties

2. Your Tier 4 sponsor must keep a copy of your passport and your contact details. Your sponsor must also keep a copy of your Biometric Residence Permit (BRP) or UK immigration status document or your UK immigration status document if you have not been issued with a BRP. You must keep the original documents.

Reporting duties

3. If you got your Tier 4 visa using a CAS, your sponsor will report:
   - if you fail to enrol on your course within the enrolment period;
   - if you miss 10 expected contacts without your Tier 4 sponsor’s permission;
   - if your Tier 4 sponsor stops being your sponsor for any other reason, for example, if you move in to an immigration category that does not need an Tier 4 sponsor;
   - if there are any significant changes in your circumstances, for example, if the length of a course of study becomes shorter;
   - any suspicions they may have that you are breaking the conditions of your permission to stay.

4. You must give your Tier 4 sponsor all the information they need to be able to meet the duties above. If you do not, we may investigate you and take action against the Tier 4 sponsor which may affect your status.

5. If you got your Tier 4 visa using a visa letter before 5 October 2009, these sponsor duties are voluntary, but we encourage sponsors to report.

What should I do if I think my Tier 4 sponsor is not complying with their duties?

6. If you think your Tier 4 sponsor is not complying with their duties or has given false information to us to you, you must tell us your concerns.

7. We treat any allegation of abuse of the Tier 4 sponsor’s duties (known as the sponsorship arrangements) in the strictest confidence. Anyone with information about abuse of the sponsorship arrangements can report this using the Home Office
Account manager or compliance officer visits

8. Your Tier 4 sponsor can get a visit from our visiting officers at any time to check they are complying with their duties. During the visit, our teams may want to speak to you and any other students they are sponsoring.

Changes to the Tier 4 sponsor’s licence

9. There are certain circumstances where the status of your Tier 4 sponsor’s licence may have an effect on you and your application.

If a Tier 4 sponsor is removed from the Tier 4 Register of Sponsors

10. If your Tier 4 sponsor is removed from the Tier 4 Register of Sponsors, they cannot assign any new CAS

<td>You can make an application for entry clearance, but if you have a CAS issued by a Tier 4 sponsor who has been removed from the Tier 4 Register of Sponsors, we will consider your application and may seek further information from you. We may then refuse it or hold it. If you have already been granted entry clearance and your sponsor is removed from the Tier 4 Register of Sponsors, you should not travel until a decision is taken on your sponsor’s licence. You are advised to check the Tier 4 Register of Sponsors before you travel. If you travel to the UK, you will be allowed to enter (subject to satisfactorily meeting all immigration requirements) and to start studying with the Tier 4 sponsor.</td>
</tr>
</tbody>
</table>
Leave to remain

If you are already in the UK and studying with your Tier 4 sponsor, we will not tell you if they are removed from the Tier 4 Register of Sponsors. However, if the Tier 4 sponsor’s licence is revoked, we will tell you and your permission to stay may be limited.

You can still apply to extend your leave if it runs out when your sponsor has been removed from the Tier 4 Register of Sponsors as long as you have a valid CAS. We will consider on a case by case basis whether to proceed with deciding your application.

While a decision on your application is pending, we may ask you to submit further documentation and we may carry out further procedures and investigations, including credibility checks.

---

If their licence expires, is revoked or is surrendered

If your Tier 4 sponsor’s licence expires or is revoked, or surrendered all CAS issued by that sponsor will become invalid.

### If your sponsor becomes a legacy sponsor

A Tier 4 sponsor can in certain circumstances become a legacy sponsor. If you would like more information on this, please see the Tier 4 Sponsor Guidance which is available on our website: [www.gov.uk/government/collections/sponsorship-information-for-employers-and-educators](http://www.gov.uk/government/collections/sponsorship-information-for-employers-and-educators)

Legacy sponsors are not allowed sponsor any new students or offer any new courses to existing students. Please see the table below which explains the impact this will have on you:

Annex 2: Verification and other Checks

1. We will ask for a number of verifiable documents to allow us to consider the application.

2. We may want to check the supporting documents you send with your application, therefore you must ensure that all the evidence comes from a source that can be clearly identified and that it can be independently confirmed as being genuine.

When we will do a check?

3. There are two situations in which we will undertake a check:

   • verification checks – where we have reasonable doubts that the documents are genuine; or
   • other checks – where we carry out further checks, for example, where we have doubts about an application or the documents sent with the application but the doubts are not serious enough for us to make a verification check.

Verification checks

4. Where we have reasonable doubts that a specified document is genuine we may want to verify the document with an independent person or government agency.

5. The purpose of these checks is to make sure that the document provided is genuine and accurately reflects statements made in the application. If the document is being used as evidence to score points, we also want to ensure that it entitles the applicant to claim those points.

6. Verification may delay our decision on an application so we will only do it when there are clear reasons for it.

Reasonable doubt

7. There are many reasons why we may doubt that specified document is genuine and what we consider to be a reasonable doubt will depend on each individual application. However, our judgments will be based on the facts we have.

Outcome of verification check

8. There are three possible outcomes of a verification check:

   • Document confirmed as genuine - if we can conclude the document is genuine, we will consider the application as normal.
   • Document confirmed as false - if we can conclude the document is false, we will refuse the application, whether or not the document is essential to the application. If a document is confirmed as false, we will normally refuse the application for more than one reason. For example, if you have provided us with a bank statement to show that you have enough funds available, and we
have evidence that the statement is false, we will refuse the application because you do not meet the funds requirement and because you have sent a false document. Where we confirm that a document is false it will be retained by the Home Office and is likely to jeopardise any future application.

• Verification check inconclusive - if we cannot verify that the document is either genuine or false, we will ignore it as evidence for scoring points. If you have sent other
specified documents as evidence for scoring the relevant points, we will consider these as normal. If you have not sent any other documents, we will give zero points in that area.

Refusing applications without making verification checks

9. We may refuse an application without making verification checks in two circumstances:

- where we are concerned about a piece of evidence but would in any event refuse the application for other reasons, those reasons will form the basis of the refusal. We will always verify passports if we doubt they are genuine.
- where there is evidence that proves a particular document is false. If we can confirm that a document is false we will normally refuse the application for more than one reason. For example, if you send us a bank statement to show that you have enough funds available, and we have evidence that the statement is false, we will refuse the application because the applicant does not meet the funds requirement and because you have sent a false document.

Other checks

10. We will make other checks where, for example, we have doubts about an application or the documents sent with the application but these are not serious enough for us to make a verification check.

11. These checks may delay our decision on an application, so we will only make them when we have clear reasons to.

Extra checks

12. Sometimes we will have suspicions about a document, but they will not be enough to make us doubt that it is genuine. For example, this may be because previous verification checks have found that some supporting evidence is invalid and some is genuine, or where evidence provided contradicts information we already have. In these cases we may carry out more checks.

Outcome of other checks

13. There are four possible outcomes of these checks:

- Document confirmed as genuine – if we can conclude the document is genuine, we will consider the application as normal.
- Document confirmed as false – if we can conclude the document is false, we will refuse the application, whether or not the document is essential to the application. If a document is confirmed as false, we will normally refuse the application for more than one reason. For example, if you send us a bank statement to show that you have enough funds available, and we have evidence that the
statement is false, we will refuse your application because you do not meet the funds requirement and because you have sent a false document. Where we confirm that a document is false it will be retained by the Home Office and is likely to jeopardise any future application.

- Check inconclusive - if we cannot verify that the document is either genuine or false then we will consider the application as if the document is genuine.

- Check gives us cause to have reasonable doubt about the genuineness of a specified document. – if we cannot verify the document is either genuine or false but as a result of checks we find other reasons to doubt the genuineness of a particular specified document, we may decide to make a verification check.

Procedure for verification and other checks

14. The procedures for both verification checks and other checks will usually be similar and will vary from case-to-case, but they may involve:

- checking the details or genuineness of documents with employers, the relevant embassy or high commission, other government departments (in the UK and overseas); and

- checking the accuracy and authenticity of documents with banks, universities and professional bodies.

Standard procedure

15. We will use a standard form to record the results of our enquiries, to make sure that we record any feedback consistently.

16. If we cannot get an immediate answer to enquiries, we will normally wait for up to a maximum of four weeks for the necessary information.

17. Our compliance team may visit the applicant’s sponsor before we make a decision on the application.
Annex 3: Administrative Review - Entry clearance applications only

What is Administrative Review?

1. This guidance will still apply for entry clearance applications which have been made on or after 20 October 2014.
2. Administrative Review is the mechanism for reviewing refusal decisions made under the Points Based System where an applicant believes an error has been made in the decision. The Administrative Review is free of charge.
3. Administrative Review is an entitlement but the request must be made within 28 days from the date the refusal notice is received by the applicant. For time limits for making a request, see further paragraphs 6 and 7 below.
4. Administrative Review is a non-statutory scheme; that is there is no legislation setting out what it covers or who is eligible to apply. The policy is contained in this guidance.

What if the Administrative Review request refers to matters outside the scope of the Administrative Review?

5. Where this occurs the matters should be dealt with under the normal complaints procedure. In such cases the applicant will be advised in writing.

Who conducts the Administrative Review?

6. An Entry Clearance Manager will conduct the administrative review. This may mean that in some cases, an Entry Clearance Manager from another Post will conduct the Administrative Review. The applicant may receive the result of the Administrative Review from an entry clearance post that is different to the one that considered the original entry clearance application.

Who can apply for Administrative Review?

7. Anyone refused entry clearance under Points Based System, where they believe the Entry Clearance Officer has made an incorrect decision.

How does the applicant apply?

8. The applicant will receive the Administrative Review Request Notice with the entry clearance refusal notice.
9. The applicant must complete the Request Notice in full and send it directly to the address stated on the Request Notice.
10. Applicants must not send any additional documents such as passport or supporting documents with the Administrative Review request notice. If the refusal is subsequently overturned, the applicant will be asked to send in their passport.
What is the deadline for applying for Administrative Review?

11. The applicant has 28 days from the date of receipt of the refusal notice, to submit a request for Administrative Review.

What if an application is submitted late?

12. Where an Administrative Review request is received outside the 28-day period, the administrative reviewer will consider if there are exceptional circumstances to accept the application outside of the deadline.

13. If the Administrative Review request is late and the administrative reviewer decides not to perform the Administrative Review, the request notice will be returned to the applicant with a letter explaining why it is not being accepted.

How many times can an applicant request an Administrative Review?

14. Applicants may request only one Administrative Review per refusal decision. Any further review requests received for the same refusal decision will not be accepted. They will be returned to the applicant.

15. However, where the Administrative Review upholds a refusal but with different refusal grounds, the applicant may request an administrative review of these new refusal grounds.

16. If the applicant has new or further information, documents or other paperwork that they failed to submit with their original application, they will need to make a new application and pay the appropriate fee.

How long will the Administrative Review take?

17. The administrative reviewer will complete their review and notify the applicant in writing of their decision within 28 days from the date of receipt of the Administrative Review request notice.

18. If, in exceptional circumstances, the administrative reviewer is unable to complete the Administrative Review within the 28 days, they will notify the applicant in writing as to when to expect a decision.

What will the administrative reviewer look at?

19. The administrative reviewer will examine the evidence submitted with the original application, copies of which will be kept at the refusal post.

20. The applicant is not allowed to provide new evidence. Any new evidence must be disregarded unless the applicant was refused under paragraph 320 (7A) or 320 (7B) of the Immigration Rules on General Grounds for Refusal (see paragraph 12).
21. Any new evidence submitted by the applicant must be returned to them together with the outcome of the Administrative Review.

**How are Administrative Review decisions made?**

22. The administrative reviewer must review all aspects of the refusal not just the part of the refusal, which the applicant has asked to be reviewed. They will check that:

- points have been correctly awarded;
- documents have been correctly assessed; and
- verification checks have been properly carried out.

23. The administrative reviewer may recommend that the reason for refusal should be overturned, if they find that the Entry Clearance Officer:

- failed to properly consider evidence submitted with the original application;
- failed to apply the Immigration Rules correctly;
- made a mistake in processing the application;
- failed to give adequate reasons for refusing entry clearance. In this case, the administrative reviewer will recommend the Entry Clearance Officer revoke the original refusal and serve a new refusal notice giving a full explanation for the refusal.

24. Where the administrative reviewer recommends in line with the above, that the reasons for refusal should be revoked, the applicant may still be refused but with new grounds for refusal.

25. The administrative reviewer will not recommend that the original decision is overturned simply because the applicant claims there is a fault with Home Office’s underlying processes or policies.

**Does Administrative Review cover General Grounds for Refusal?**

26. Yes. Administrative Review will also look at refusals on the basis of paragraph 320 of the Immigration Rules on “General Grounds for Refusal.”

**Reviews of refusals made under paragraphs 320(7A) and 320(7B) of the Immigration Rules**

27. The applicant may submit further information with the Administrative Review request, if the refusal is based on paragraph 320 (7A) or 320 (7B) of the Immigration Rules on General Grounds for Refusal.

28. If an application has been refused because a false document was used or a false representation was made, the applicant may claim that they were unaware of the
false documents or false representations. The refusal will still stand but the applicant would have to prove that they did not know that false documents or false representations were used, if they are not to have any future applications automatically refused for 10 years. Where the documents related directly to the applicant (for example, employment references, qualifications or financial details), such a claim would be likely to fail unless the applicant has clear evidence that an error has been made (for example, written confirmation from an employer, financial institution or educational establishment that they had supplied us with incorrect information at the time we verified the original documentation).

29. If the administrative reviewer does accept that the applicant did not knowingly use false documents or false representations, the refusal will still stand, but the applicant will not automatically have any future applications refused under the rules (paragraph 320 (7B) where false documents or false representations were used.

**Does Administrative Review cover verification?**

30. Yes. As part of the administrative review process, the administrative reviewer will ensure that the Entry Clearance Officer has followed the correct verification procedures.

**What are the possible outcomes of Administrative Review?**

31. There are three possible outcomes of Administrative Review:

- Uphold decision, reasons for refusal remain the same;
- Uphold decision, with revised reasons for refusal;
- Overturn decision and issue entry clearance.

**How is the applicant informed of the result of the Administrative Review?**

32. Decision upheld and the reasons for refusal remain the same:

- the administrative reviewer will notify the applicant by letter. The applicant will not be entitled to a further Administrative Review as the grounds for refusal has not changed.

33. Decision upheld but with revised reasons for refusal:

- A new refusal notice (GV51) will be served along with the Administrative Review letter from the administrative reviewer stating why the refusal has still been upheld.

If there are fresh

- reasons for refusal which were not notified originally, the applicant will be able to submit a further Administrative Review request limited to those fresh reasons.
34. Decision overturned and entry clearance to issue:

- The administrative reviewer will notify the applicant by letter and request the applicant's passport.

Limited Right of Appeal

35. The applicant can only appeal on any or all of the grounds referred to in section 84 (1) (b) and (c) of the Nationality, Immigration and Asylum Act 2002. These are that the decision is unlawful by virtue of section 19B of the Race Relations Act 1976 (discrimination by public authorities), and/or that the decision is unlawful under section 6 of the Human Rights Act 1998 (public authority not to act contrary to Human Rights Convention) as being incompatible with the appellant's Convention rights.

36. All entry clearance applicants under the Points Based System who are refused will be limited to residual grounds of appeal stated above.

37. The process for dealing with limited rights of appeal remains unchanged.
