This list contains some of the overseas entities that have told HM Revenue and Customs (HMRC) they are [Recognised Overseas Pension Scheme \(ROPS\)](#) under [section 169\(2\) Finance Act 2004](#)

HMRC can't guarantee these are ROPS or that any transfers to them will be free of UK tax.

It is your responsibility to find out if you have to pay tax on any transfer of pension savings.

HMRC will usually pursue any [UK tax charges](#) (and interest for late payment) arising from transfers to overseas entities that do not meet the ROPS requirements even when they appear on this list. This list contains some of the overseas entities that have told HM Revenue and Customs (HMRC) they are [Recognised Overseas Pension Scheme \(ROPS\)](#) under [section 169\(2\) Finance Act 2004](#)

HMRC can't guarantee these are ROPS or that any transfers to them will be free of UK tax.

It is your responsibility to find out if you have to pay tax on any transfer of pension savings.

HMRC will usually pursue any [UK tax charges](#) (and interest for late payment) arising from transfers to overseas entities that do not meet the ROPS requirements even when they appear on this list. This includes where taxpayers are overseas. HMRC will also charge [penalties](#) in appropriate cases.

Tax relief is given on pensions to encourage saving to provide benefits in later life. Accessing benefits (directly or indirectly) before age 55 will result in a liability to UK tax charges in all but the most exceptional circumstances. You should seek suitable professional advice including from a regulated financial adviser.

# List of Recognised Overseas Pension Schemes Notifications

This list contains some of the overseas entities that have told HM Revenue and Customs (HMRC) they are [Recognised Overseas Pension Scheme \(ROPS\)](#) under [section 169\(2\) Finance Act 2004](#)

HMRC can't guarantee these are ROPS or that any transfers to them will be free of UK tax.

It is your responsibility to find out if you have to pay tax on any transfer of pension savings.

HMRC will usually pursue any [UK tax charges](#) (and interest for late payment) arising from transfers to overseas entities that do not meet the ROPS requirements even when they appear on this list. This includes where taxpayers are overseas. HMRC will also charge [penalties](#) in appropriate cases.

Tax relief is given on pensions to encourage saving to provide benefits in later life. Accessing benefits (directly or indirectly) before age 55 will result in a liability to UK tax charges in all but the most exceptional circumstances. You should seek suitable professional advice including from a regulated financial adviser.

# List of Recognised Overseas Pension Schemes Notifications

This list contains some of the overseas entities that have told HM Revenue and Customs (HMRC) they are [Recognised Overseas Pension Scheme \(ROPS\)](#) under [section 169\(2\) Finance Act 2004](#)

HMRC can't guarantee these are ROPS or that any transfers to them will be free of UK tax.

It is your responsibility to find out if you have to pay tax on any transfer of pension savings.

HMRC will usually pursue any [UK tax charges](#) (and interest for late payment) arising from transfers to overseas entities that do not meet the ROPS requirements even when they appear on this list. This includes where taxpayers are overseas. HMRC will also charge [penalties](#) in appropriate cases.

Tax relief is given on pensions to encourage saving to provide benefits in later life. Accessing benefits (directly or indirectly) before age 55 will result in a liability to UK tax charges in all but the most exceptional circumstances. You should seek suitable professional advice including from a regulated financial adviser.

# List of Recognised Overseas Pension Schemes Notifications

This list contains some of the overseas entities that have told HM Revenue and Customs (HMRC) they are [Recognised Overseas Pension Scheme \(ROPS\)](#) under [section 169\(2\) Finance Act 2004](#)

HMRC can't guarantee these are ROPS or that any transfers to them will be free of UK tax.

It is your responsibility to find out if you have to pay tax on any transfer of pension savings.

HMRC will usually pursue any [UK tax charges](#) (and interest for late payment) arising from transfers to overseas entities that do not meet the ROPS requirements even when they appear on this list. This includes where taxpayers are overseas. HMRC will also charge [penalties](#) in appropriate cases.

Tax relief is given on pensions to encourage saving to provide benefits in later life. Accessing benefits (directly or indirectly) before age 55 will result in a liability to UK tax charges in all but the most exceptional circumstances. You should seek suitable professional advice including from a regulated financial adviser.

# List of Recognised Overseas Pension Schemes Notifications

This list contains some of the overseas entities that have told HM Revenue and Customs (HMRC) they are [Recognised Overseas Pension Scheme \(ROPS\)](#) under [section 169\(2\) Finance Act 2004](#)

HMRC can't guarantee these are ROPS or that any transfers to them will be free of UK tax.

It is your responsibility to find out if you have to pay tax on any transfer of pension savings.

HMRC will usually pursue any [UK tax charges](#) (and interest for late payment) arising from transfers to overseas entities that do not meet the ROPS requirements even when they appear on this list. This includes where taxpayers are overseas. HMRC will also charge [penalties](#) in appropriate cases.

Tax relief is given on pensions to encourage saving to provide benefits in later life. Accessing benefits (directly or indirectly) before age 55 will result in a liability to UK tax charges in all but the most exceptional circumstances. You should seek suitable professional advice including from a regulated financial adviser.

This list contains some of the overseas entities that have told HM Revenue and Customs (HMRC) they are [Recognised Overseas Pension Scheme \(ROPS\)](#) under [section 169\(2\) Finance Act 2004](#)

HMRC can't guarantee these are ROPS or that any transfers to them will be free of UK tax.

It is your responsibility to find out if you have to pay tax on any transfer of pension savings.

HMRC will usually pursue any [UK tax charges](#) (and interest for late payment) arising from transfers to overseas entities that do not meet the ROPS requirements even when they appear on this list.
