Step 2: Search

Notes

Search Area lets you search in 3 ways:

– If you search by Location, use the drop-down menu to choose your area but note that this will be a whole county, city or region in England.
– If you search by Postcode, the postcode that you used in your address will appear automatically or you can enter another one. Type in the distance from the postcode that you are prepared to travel to work. Widen your local search area for more vacancies. Take account of easily available bus, train and underground routes as a longer distance might not necessarily mean a more difficult journey.

– If you are looking for inspiration try a postcode or location search to see what is in the area.

You are now ready to log in to your account and start searching!

Find an apprenticeship

Search and apply for an apprenticeship in England

Tips

– If you are looking for inspiration try a postcode or location search to see what is in the area.
If you click on the Browse tab you can also search by sector categories. When searching by category, select the broad area of work in which you are interested in and then, if you wish, you can narrow it down to the job role by clicking on the green browse button. This will bring up the category list along with the number of sub-categories within that area of work. For example, in Business Administration and Law, job roles include Accounting, Sales and Telesales and Marketing. Don’t forget to Update results when selecting specific job roles.

Creative and Digital Media Apprentice

When you see the search results, this will include the vacancy title, the employers name, a short description about the vacancy including the closing date and a map showing you where the vacancy is and the distance it is from your selected location.

Tips

- Check Find an apprenticeship regularly as new vacancies are posted daily. This will give you the best chance of being one of the first applicants and prevent you from missing out on a great opportunity before the closing date.
Notes

Remember that as apprenticeships involve taking job-specific and work-based industry-standard qualifications which reflect the skills and knowledge needed for a particular job, you might need to start at the same level that you have already achieved in your qualifications at Key Stage 4 or after the age of 16.

Alerts
Click on ‘Saved searches’ in your ‘Settings’. Tick the email and/or text buttons to receive alerts about new vacancies that match your saved searches. You will still need to look at your account regularly as other vacancies may appear that don’t quite match your search criteria but that may still be of interest to you.

! Tips

– If you change any of your personal details such as email address or mobile number, don’t forget to change them in Settings.

– If you see ‘There are currently no apprenticeships that match your search’, try editing your search by using different keywords, expanding your search location or by selecting a different (or ‘all’) level.
Step 3: Apply

When you’re ready to apply for a vacancy, click onto Apply for apprenticeship, this will take you to the application form for the vacancy selected.

**Apply for apprenticeship**

You will see ‘your details’ are automatically entered, check these are correct and if not update these in Settings. Then you will need to add:

- Your education details
- Qualifications
- Work experience details
- Three about you questions
- Two additional questions (where employers have asked for more information)

When you have completed all sections you can then click on Preview and Submit or Save draft at the bottom of the page.

**Preview and submit**

---

**Tip**

Before you start, print off a copy of anything that might help you such as your:

- UCAS Personal Statement
- Curriculum Vitae (CV)
- Any practice application forms that you have completed
- Personal Statement
- Achievement Portfolio
- Copies of Certificates

- Remember to click save draft if you are not completing all of the application form at once. You can return to it later by going into ‘My applications’ on the top right when you are ready.
Step 3: Apply

Qualifications

The qualifications section enables you to enter all of the qualifications that you hold or are currently undertaking.

- Remember to include all of your predicted grades and any other qualifications or grades that you hold. e.g. sport, music, dance, drama, Duke of Edinburgh, Asdan, St Johns Ambulance etc.

Tips

- Remember to include all of your predicted grades and any other qualifications or grades that you hold. e.g. sport, music, dance, drama, Duke of Edinburgh, Asdan, St Johns Ambulance etc.
Step 3: Apply

Work Experience

This section enables you to enter all of your work experience, whether this is paid or unpaid work.

When you start typing in the box that says ‘main duties’ you will notice that a character count will appear underneath the box. You have 200 characters to describe the main duties that you completed.

If you can’t remember the exact dates then you can select the approximate dates.

! Tips

- Practice writing your statement in a word document first, then you can cut and paste it into the box when you’re happy with how it reads
- Remember to check the spelling and punctuation.
- Make sure you focus on tasks that you undertook that might be relevant to the types of jobs that you are applying for in the future.
About You – What are your strengths?

This section is one of the most important parts of the Application Form that will help you to get through to interview. You need to be prepared to put in a great deal of work to get this section looking really good.

Tips

– If you do not have any relevant experience then consider taking the initiative to set some up. This could be one day at the weekend or in the holidays. You don’t have to rely on the work experience that your school might have set up for you.

– Think about the skills that your work experience placement helped you to develop.

About you

What are your main strengths?

Please provide examples of when you’ve demonstrated your strengths.

What skills would you like to improve during this apprenticeship?

Think of what your main duties would be and whether there are skills you’d like to develop.

What are your hobbies and interests?

Remember to include any personal achievements.

Is there anything we can do to support your interview?

For example, do you need a signer, information in braille.

☐ Yes ☐ No
Tips

- Remember to give examples of your strengths if you can. For example, if the employer asks for ‘Good communication skills’ then you need to tell them that you have ‘Good communication skills’ but also think about how you could back this up with evidence of these skills.

For example, you could say something like this:

‘I believe that I have extremely good communication skills. I have given presentations in front of large audiences in whole year assemblies and I have also talked in front of groups in the classroom. As a 6th form Ambassador, I have been involved in open evenings where I have spoken to groups of parents and prospective students about my experience of the 6th form. I also have excellent written communication skills and I am confident speaking on the telephone’

Or you could say something like this:

‘I feel that I have very good communication skills. As a keen team member of a local football team, it is crucial that we communicate constantly when on the pitch to ensure that everyone can work together to win the game. I have been praised by the team captain for the way that I communicate effectively on the pitch, saying that I am calm, motivational and fair’

Tips

- If you are not sure about what to write about yourself, ask a friend or teacher to list your three best qualities (see the worksheet on page 26 of this guide which will prompt you to think about some words and phrases that you could include).
Step 3: Apply

Finding and using ‘buzz words’

The job advert needs to be the starting point for your ‘strengths’ section. By reading it carefully, you can start to identify the skills and attributes that the employer is looking for.

The first place to look for the ‘buzz words’ is in the apprenticeship summary within the job advert. This section will contain information about the kinds of tasks that you would be expected to complete.

! Tips

- Have a look through the job advert and either print it off and circle all of the buzz words, or write them all down so that you have a checklist of the kinds of words that you could try to include in the ‘About You’ section of the application form.

- [http://www.traveline.info](http://www.traveline.info) Or [www.traveline.direct.info](http://www.traveline.direct.info)
- This role involves liaising with both internal and external customers, you must be confident when dealing with people at all levels.
- This role may involve unsociable hours – you must have a flexible approach to your work.
- Travel costs will be incurred to get to work, and to access the training.
- You must have a customer focused approach whilst handling a large volume of queries.

### Tips

- If the employer is asking for GCSE grades A*-C and you did not achieve these grades, it could still be worth applying for the job. You would need to say that you were willing to work towards achieving Functional Skills within the duration of the apprenticeship framework.
- Remember to print off or save a copy of the job advert as you will need to use the advert to help you to prepare for interview (if you are invited to attend one) and you will also need to take a copy of the advert with you to the interview.
About you – What skills would you like to improve during this apprenticeship?

You only need to write a good paragraph of a few sentences that answer the question, but in a clever way and linked directly to the job that you are applying for. For example, if you were going for a job in the IT Industry you could say something like this:

'I would like to improve my knowledge and awareness of the latest programming techniques being used in the workplace to increase efficiency and decrease costs to the employer'

Or if you were going for a job in hairdressing you could say something like this:

'I would like to improve my knowledge of the latest cutting and colouring techniques being used within the fashion industry and how these could be adapted to suit high street fashion trends'
About you – What are your hobbies and interests?

Be careful about what you write in this section. You need to remember that the employer will use this section (and all of the application form) to start to create an impression of the kind of person that you are.

It is quite likely that if you are invited for interview, that the employer will use this section to help to ‘break-the-ice’ and make you feel more comfortable in your interview. They might start by asking you something like ‘So (your name), I notice from your application form that you are interested in films. What was the last film that you saw and what did you like about it?’

---

**About you**

- **Help with this section**

Please provide examples of when you’ve demonstrated your strengths.

What are your hobbies and interests?
Remember to include any personal achievements.

Is there anything we can do to support your interview?
For example, do you need a signer, information in Braille.

- **Yes**
- **No**

---

**Tips**

- If you have an interesting or unique hobby or interest then include it in this section, but be careful about over-embellishing or ‘making up’ a hobby or interest as you don’t want to get caught out and be asked about it at interview, then not be able to talk about it honestly.
Step 3: Apply

Notes

Remember to think about what you write and what it says about you. For example:

<table>
<thead>
<tr>
<th>Your hobby or interest</th>
<th>What it might make an employer think about you</th>
</tr>
</thead>
<tbody>
<tr>
<td>I like talking to friends on BBM</td>
<td>‘I wonder if I would need to keep an eye on this person in case they use work time to talk to friends’</td>
</tr>
<tr>
<td>I like to spend time on Facebook</td>
<td>‘Oh good, they’ve got a facebook account – I can have a look and see what they’re like’</td>
</tr>
<tr>
<td>I like playing football and keeping fit and healthy</td>
<td>‘They obviously like to keep fit and healthy, I hope that means they will take less time off sick through ill-health and be a more reliable employee’</td>
</tr>
<tr>
<td>I like going out and socialising</td>
<td>‘This person likes to party. They’ll probably phone in sick every Monday’</td>
</tr>
</tbody>
</table>

Tips

– Try to include hobbies or interests that are current, telling the employer that you were in the Brownies when you were 8 years old is not very current.
About you – Is there anything we can do to support your interview?

Even if you do not require any support at interview, you should never leave this box blank.

It is acceptable to write ‘No thank you’ or ‘Not applicable’ but never leave this (or any other box) blank on the application form. This is because the employer will not know if you have chosen not to answer or if you have accidentally missed it. This rule applies to every different type of job application that you may find yourself completing – not just apprenticeships.
Step 3: Apply

Notes

You do need to answer these questions and you need to think about the job advert, the employer and what you can tell them that might make you stand out from other applicants.

You should research their company through the internet so that you can tell them something interesting about your future career plans in that industry.

Other typical 'Employer' questions that you might see could include:

- Why do you feel you are a suitable candidate for this role?
- Why are you interested in completing an apprenticeship?
- Where do you see yourself in 5 years time?
- What experience of dealing with customers do you have?
- What qualities do you think are important in this job role?
- What do you think makes the difference between a good customer experience and an excellent one?
Step 3: Apply

How to apply

When you find an apprenticeship job advert that you want to apply for, you need to go to the bottom of the job advert and click on **Apply for apprenticeship** at the top right of the advert or at the bottom of the advert.

At this point some adverts may direct you to the employers website to apply using their own system. This is likely to be very different to the application form that this guide has explained, although all of the advice that we have given you should also help you when completing other applications.

If the employer is using the Find an apprenticeship service then you will be asked to complete the application form as described in the earlier steps.

**Notes**

---

**Tips**

- Remember to update and change your application form so that it is relevant to the job that you are applying for.
- Make sure you double check that your answers are relevant to the job that you are applying for.

“Good applicants have well written application forms where they have taken the time to give examples of their skills and have a good balance between academic achievement and enthusiasm for the job/industry that they are applying for”

“When we shortlist, we do look to see if the applicant has the desired GCSE results that the employer is seeking. However, this isn’t the only thing that we look at. If the applicant can demonstrate that they have taken the initiative to set up and undertake work experience to add to their skills then this is sometimes enough to get them through to interview”

“Your application must be submitted on time and be free from errors. Weak applications are written in a hurry and are under-prepared”

“Avoid poor spelling, grammar and punctuation. This is critical if you want to be taken seriously in your application. Ask someone else with a good eye for detail to proofread your application before you submit it”

“Your application needs to sell you, be engaging, show your interest and enthusiasm and give an insight into your personality. Avoid humour though, this is still a professional document”

“A busy shortlister is looking for a reason to reject you as much as to offer you a place. Don’t give them an excuse to put you on the ‘no’ pile because of a poor application”

“Your application needs to show that you have thought about why you are applying for the job”

“Remember to tailor your application for the job that you are applying for”

Final checklist:

Before you submit make sure you...

- Check the closing date for applications to be submitted.
- Ask someone to read your application to check for spelling and grammar mistakes.
- Include some examples of your skills, not just a list of strengths.
- Check your application is relevant to the job advert and that you have used some of the ‘buzzwords.’
- Save a copy of your application.
- Print off a copy of the job advert and your application.
- Check the location of the job that you have applied to.
- Check that you have answered all of the questions.
