

Determination by the Secretary of State for Energy and Climate Change

In accordance with Article 28 (4) of the Feed-in Tariffs (Specified Maximum Capacity and Functions) Order 2010, the costs of a licensee which constitute qualifying FIT costs for FIT year 1 (1 April 2010 to 31 March 2011) are determined as follows:

For mandatory FIT licensees: £65 per accredited FITs installation
For voluntary FIT licensees: £100 per accredited FITs installation

A FITs licensee is determined to have incurred the qualifying FIT cost in respect of any accredited FIT installation that is entered into the central FITs register for any part of FIT year 1 where the FIT licensee identified as the FIT licensee responsible for making FIT payments in respect of that accredited FITs installation.
