Subject: Hitachi - Post Bid Submission Ministerial Meetings

Tim,

Good to catch up earlier.

Just to confirm and from Hitachi are keen to meet with key contacts next week to follow up in substance on the submission of their Horizon bid.

They would wish to see:

- You & Mark
- Lord Sassoon
- A Dept for Business Minister (preferably Vince Cable)
- Sir Jeremy Heywood

I have advised them that they will need to work entirely to the convenience of Ministerial schedules to achieve a workable programme.

Do contact me at any point via this email address and/or to discuss further.

As ever we are most grateful for your/OND's assistance.

Kind regards,
