Importance: High

Hello

Earlier today the FITs Amendment (No. 3) Order addressing the loophole on extensions was laid in Parliament. I have attached a copy for **your reference** **only**. The formal version will eventually be published on the OPSI website. We can let you know when it is published.

Having received confirmation that the amendment order has been laid, we have also now published on our website a document announcing the Government's response to the consultation on extensions and this can be viewed at <http://www.decc.gov.uk/assets/decc/1/consultation/change-rules-fits-inst/2845-govt-response-cons-treatment-ext.pdf>. A copy of the lines to take and Q+A is also attached.

We are alerting all respondents to the consultation and other stakeholders on our distribution list to the outcome of the consultation. However, so as to ensure that all suppliers are notified, we would be grateful if you could notify all suppliers. Could you let me know if this will be possible?

Thanks
