

Electric Vehicle Homecharge Scheme

Eligible Vehicles

Office for
Low Emission
Vehicles

All vehicles that have been approved as ultra-low emission vehicles by the Office for Low Emission Vehicles are eligible for the Electric Vehicle Homecharge Scheme.

This includes vehicles which may no longer be eligible for the plug-in car grant, either because they cost more than £60k or they are no longer on sale in the UK.

A list of the vehicles that are eligible for the plug-in car grant can be found here:
