

**SCHOLARSHIP RATES FOR ACADEMIC YEAR 2016/17**

**Further Education**

The Further Education rate is £1,500 for all students.

**University**

University scholarships are made up of an amount to cover fees and a maintenance grant. The amount paid for fees will be the actual amount charged up to a maximum of £9,000. The maintenance grant is £4,950.

**Existing University Scholarship Recipients**

Those students whose study began prior to September 2012 will not be charged the new higher rate fees by their universities. Therefore, students already in receipt of a university scholarship who are continuing their education for further academic years will receive the same amount as they did for previous academic years.

The University rates are detailed in the table below:
