## **FREEDOM OF INFORMATION ACT 2000 REQUEST REF: 0755-16**

Thank you for your email of 5<sup>th</sup> August 2016 asking for information under the Freedom of Information Act (FOIA) 2000. Following your previous request, 0640-16, you asked:

*Would it be possible to narrow the scope of my request please to a single year, and/or to provide at a broader level, i.e., hardware, software, IT services, IT outsourcing, advisory services, communications, staff (as defined in my original template)?*

Wording of 0640-16

*Please could you provide me with information about your ICT expenditure, as broken down in the attached template? I have included this template in order to make it easier for you to understand my requirements and provide answers.*

*I appreciate that you may publish contracts and transparency data, but I was unable to find the information to the level of detail I require in publish sources.*

*Within the response, please include:*

- \* Expenditure from all parts of your organisation (central services and business units);*
- \* As well as your own organisation, expenditure for any subsidiary organisations that fall within the scope of your accounts; and*
- \* Both revenue (or operating) expenditure and capital expenditure)*

I am writing to confirm that we have now completed the search for the information which you requested.

I can confirm that the Foreign and Commonwealth Office (FCO) does hold information relevant to your request – please see below, noting the following points:

- We are using the definition of ICT as ‘an umbrella term that includes any communication device or application, encompassing computer and network hardware and software, as well as the various services and applications associated with them’.

- The expenditure provided is for the Knowledge and Technology Directorate (KTD) only, and does not include ICT expenditure by other departments in the UK and in over 260 overseas posts, as these are managed independently. To calculate all the associated costs related to ICT expenditure would require the FCO to contact all our departments and posts to access the information, and this would incur disproportionate costs. KTD is responsible for the FCO's central IT platform.
- We have endeavoured to utilise the template that you have provided, however in some instances it has been difficult to split a cost which covered by more than one category. The figures provided are therefore an indication of the breakdown in FCO spend, but cannot be viewed as conclusive.

	<b>2015/2016</b>
<b>Hardware</b>	£15,131,949
<b>Software</b>	£5,517,223
<b>IT Services</b>	£16,399,703
<b>Advisory Services</b>	£6,815,365
<b>IT Outsourcing</b>	£45,736,741
<b>Communications</b>	£15,888,118
<b>Staff</b>	£7,606,593

Once an FOI request is answered, it is considered to be in the public domain. To promote transparency, we may now publish the response and any material released on [gov.uk](http://gov.uk) in the [FOI releases](#) section. All personal information in the letter will be removed before publishing.

The copies of information being supplied to you continue to be protected by the Copyright, Designs and Patents Act 1988. You are free to use it for your own purposes, including any non-commercial research you are doing and for the purposes of news reporting. Any other re-use, for example commercial publication, would require the permission of the copyright holder. Most documents supplied by the FCO will have been produced by government officials and will be protected by Crown Copyright. To re-use Crown Copyright documents please consult the [Open Government Licence v3](#) on the National Archives website.

Information you receive which is not subject to Crown Copyright continues to be protected by the copyright of the person, or organisation, from which the information originated. You must ensure that you gain their permission before reproducing any third party (non-Crown Copyright) information.

Yours sincerely,

## Knowledge and Technology Directorate

We keep and use information in line with the Data Protection Act 1998. We may release this personal information to other UK government departments and public authorities.
