

Key to the MDR One Page Assessment Summaries

The MDR Assessment framework

The MDR Assessment Framework is made up of 16 separate **Assessment Questions**, which are grouped into 6 different areas, known as **Components**. The first three components together make up the '**Match with UK Priorities Index**'. Components four to six collectively make up the '**Organisational Strengths Index**'. The different parts of the MDR assessment framework are shown below.

Multilateral agencies were awarded a score between 0.5 and 4 for each of the 16 assessment questions, with scores taking half point values beginning at 0.5 and going up to 4 (i.e. 0.5, 1, 1.5, 2, 2.5, 3, 3.5, 4). Questions were assessed and scored using the labels shown below, chosen to suggest progression of performance.

Assessment Question Scores and Descriptors

Descriptor	Score
Strong	4
Satisfactory +	3.5
Satisfactory	3
Weak +	2.5
Weak	2
Unsatisfactory +	1.5
Unsatisfactory	1 or less

Assessment question scores were averaged together to produce scores for each agency for each of the six components; for its match with UK priorities; and for its organisational strengths. The formula used for calculating these component and index scores is shown within the MDR Assessment Framework diagram below. Unlike the assessment question scores, component and index scores were categorised using a four colour traffic light categorisation. The table below shows the thresholds chosen for each traffic light rating, along with the descriptor used.

Component and Index Scores and Descriptors

Descriptor	Traffic Light	Score
Very Good		3.01 to 4
Good		2.51 to 3.0
Adequate		2.01 to 2.5
Weak		0 to 2.0

DFID Funding Chart

The funding chart included on each summary assessment page shows DFID's latest published multilateral core and bilateral through multilateral Official Development Assistance (ODA) to the organisation, as included in our National Statistics release, 'Statistics on International Development'. This data is based on payments made in each calendar year.

UK Burden Share

This is the UK's latest burden share, and represents our core funding to the agency as a proportion of all of the core funding it received. Depending on the frequency with which we provide funding to the agency, the burden share could relate to a specific year, a biennium or to a particular replenishment. This has been made clear in the text.

United Nations Population Fund (UNFPA)

Assessment Summary: UNFPA promotes family planning, sexual and reproductive rights and works to end female genital mutilation. It also supports developing countries' work on population statistics.

The UK values UNFPA's unique mandate in upholding gender equality through the Programme of Action of the International Conference on Population and Development (ICPD). Continued efforts are required to demonstrate the impact of UNFPA's programmes at the country level and to ensure its work reaches and benefits the poorest and most vulnerable, particularly in fragile states, and in humanitarian settings, and that it is appropriately focused on Leave No-one Behind.

Since the 2013 MAR Update, UNFPA has advanced its complex mandate, and shown evidence of becoming more efficient and cost-conscious – for example by reducing staff and management costs, and improving value for money in the procurement of essential reproductive health commodities. UNFPA should remain focused on improving results reporting and its use of results for decision-making, enhancing risk management and strengthening accountability.

Performance by Component

DFID Funding

UK Engagement: UNFPA is governed by an Executive Board consisting of representatives of 36 countries who serve on a rotating basis. The UK participates in Executive Board meetings either as a formal member or as an observer in the years for which the UK is not a formal member. The UK is also on the UNFPA Supplies Programme steering committee. The UK provided £20 million in core funding to UNFPA in 2014, a burden share of 6.5%. This was complemented by a further £203 million in direct funding by DFID's bilateral programmes in 2014.
