Table 1 Notes

Table 1 sets out aggregate information for calendar years 2013, 2014, 2015 and 2016 reported through 2014 PPRS members' audited annual PPRS Payment Sales Reports or best available information where the audited submissions have yet to be provided.

The information set out is the *Net sales subject to branded medicines bill growth calculation (Measured Spend)*¹.

Each column of the table contains a separate basket of companies for each growth calculation, which are dependent on the members of the scheme included in the growth calculation and ensuring that the same companies are in both the numerator and the denominator of the respective calculations.

The figures in all parts of Table 1 do not take into account the treatment of the Cancer Drugs Fund (CDF) in the growth calculation following the agreement reached on the CDF between the Department and the ABPI. The effect of this is that the excluded amounts are added to the Allowed Spend². The amount (net of VAT) added to Allowed Spend following the CDF agreement is:

Calendar year 2014 — £91M

Calendar year 2015 — £107M

Footnotes

Footnote 1: Measured spend is defined in paragraph 6.6 of the PPRS and means the spend which is controlled by the PPRS Payments mechanism. It includes sales of new products.

Footnote 2: The addition to the Allowed Spend follows the method set out in the revised addendum to the PPRS at <https://www.gov.uk/government/publications/pharmaceutical-price-regulation-scheme-2014>. The figures for 2014 and 2015 are final. The figures for other years will depend on the latest information on CDF spend.

Footnote 3: Sales covered by the PPRS Payment is defined at paragraph 6.7 of the PPRS. The percentage payment applies to these sales, which exclude sales of new products. Sales of new products are included in the calculation of the overall sum to be repaid across all member companies. However, products with a new active substance designation that were introduced after 31 December 2013 are excluded from the sales used to calculate the payment by each company.
