

# Enterprise Architecture

The CTO Council published an overview of release 1 of the cross-Government Enterprise Architecture in 2006. This provided a common framework, across which public sector organisations can identify and communicate opportunities, to create value through collaboration and re-use:

- [Domain Leads](#)
- [xGEA Domains Reference Model](#)
- [Enterprise Architecture for UK Government: An overview of the process and deliverables for Release 1 in Portable Document Format](#) [189KB, 13 pages]
- [Enterprise Architecture for UK Government: An overview of the process and deliverables for Release 1 in Word](#) [504KB, 13 pages]
- [Reusable assets catalogue](#)
