**Staphylococcus aureus Enterotoxin Detection Scheme – Preliminary Intended Results Notification**

These results are provided for guidance and are determined from the examinations undertaken during quality control testing of the samples.

**Distribution:** STA035  
**Samples:** ST0069 and ST0070

**Intended results:**

<table>
<thead>
<tr>
<th>Sample Number</th>
<th>S. aureus enterotoxins</th>
</tr>
</thead>
<tbody>
<tr>
<td>ST0069</td>
<td>Present (Group D)</td>
</tr>
<tr>
<td>ST0070</td>
<td>Present (Group A)</td>
</tr>
</tbody>
</table>

Laboratory identification numbers of participants who did not return results this distribution: 264 and 677

The distribution report providing details of your individual performance and an analysis of all participants’ results will be dispatched within three weeks. The report may also include sample specific comments.

**Repeat samples** are available for participants who experienced problems with the examination of these samples or failed to detect the toxins and wish to make a further attempt. There is no need to wait until you have received the report to order repeat samples.

The next distribution of Staphylococcus aureus enterotoxin Detection Scheme samples will be dispatched during the week beginning 31 July 2017.

If you require any technical advice or wish to make comments or suggestions relating to the scheme please contact us.
