Memo

As recently announced, to enable more timely publication of Official Statistics, we are moving to quarterly post-payment validation. As from 1st April a sample of 33 paid Job Outcomes will be drawn on the last working day of every month (a total of 99 per quarter).

This will mean that you will be able to view each sample of 33 cases each month once they have been selected and uploaded to PRaP.

The Provider Payment Validation Team will send out the failure reports at the end of the quarter, therefore the review process will be carried out on a quarterly basis.

If you have any queries in respect of this Live Running Memo, please email the Work Programme Division Provider Enquiry Mailbox.

Thank you
