Please use this space to tell us anything else you think we might need to know.

If there is not enough space, please use a separate sheet of paper. Make sure that you put your full name and National Insurance number on each separate sheet of paper you use.

Part 9: How we pay you

We will pay your money directly into the account where we normally pay your benefit

Many banks and building societies will let you collect your money at the post office. We will tell you when your Social Fund payment will be made and how much it will be for.

Finding out how much we have paid into the account

You can check your payments on account statements. The statements may show your National Insurance (NI) number next to any payments we have made. If you think your payment is wrong, get in touch with the office that pays you straight away.

If we pay you too much money

We have the right to take back any money we pay that you are not entitled to. This may be because of the way the system works for payments into an account. For example, you may give us information which means you are entitled to less money. Sometimes we may not be able to change the amount we have already paid you. This means we will have paid you money that you are not entitled to.

We will contact you before we recover any money.
