MA1 Notes 09/17

What is Maternity Allowance?

Maternity Allowance (MA) is a social security benefit that you may be able to get around the time your baby is due.

- It is paid every 2 weeks or every 4 weeks in arrears.
- It is paid up to 39 weeks if you
 - are employed or self-employed, or
 - have recently been employed or self-employed, or
 - are an agency worker.

It is called the **Maternity Allowance Period (MAP)** when we pay you MA.

- It is paid for up to 14 weeks if you are not employed or self-employed, but you take part in activities related to the business of your self-employed spouse or civil partner. It is called the **14 week period** when we pay you this MA.

Who can get Maternity Allowance?

You may be able to get Maternity Allowance for 39 weeks if

- **you are not entitled to Statutory Maternity Pay (SMP) from any of your employers**

Your employer must give you a form **SMP1** which says why you cannot get SMP. If you have more than one employer, each one must give you an **SMP1**. Send us the **SMP1** from each employer.

You may not be able to get SMP because

- you were not employed in the 15th week before the week your baby is due, or
- you have not been employed by the same employer for long enough, or
- you have not been earning enough.

Who can get Maternity Allowance? continued

and

- you have been employed or self-employed for at least 26 weeks in the 66 weeks before the week you expect to have your baby

and

- your average gross weekly earnings are at least £30 a week for 13 weeks in your Test Period

or

- we have treated you as having earnings of £30 a week in the Test Period

and

- you have stopped work to have your baby.

See **page 5** for more information about the **Test Period**.

If you are employed, we may check the information you have given us with your employer.

By *employer* we mean the person or organisation who pays the employer's share of Class 1 National Insurance (NI) contributions. We still call them an employer, even if they don't pay Class 1 NI contributions because of an employee's age or level of earnings.

We call you *employed* even if you are an agency worker, if

- you pay Class 1 NI contributions on your earnings, or
- you would pay Class 1 NI contributions, but you do not because of your age or level of earnings.

To find out more about your gross weekly earnings, see

- **page 9** if you are employed, or
- **page 10** if you are self-employed.

Who can get Maternity Allowance? continued

You do not have to be a UK citizen to get MA.

If you have worked, you may be able to get MA.

People who are self-employed are required by law to register their self-employment with HM Revenue & Customs (HMRC) according to HMRC rules. If you do not register or register late, you may lose some or all of your MA.

You may be able to get MA for 14 weeks if

you take part in the business of your self-employed spouse or civil partner.

To get Maternity Allowance for taking part in activities related to the business of your self-employed spouse or civil partner you must not be entitled to Statutory Maternity Pay, or Maternity Allowance in respect of either employment or self-employment, at the same time, for the same pregnancy.

In addition, in at least **26 weeks during your Test Period** you must take part in activities related to the business, and **for those same 26 weeks**:

- you must be married to, or in a civil partnership with, the self-employed person, and
- you must not be employed by, or a partner in, your spouse's or civil partner's business, and
- your spouse or civil partner must have been working as a self-employed earner in their business, and
- your spouse or civil partner must have been registered as self-employed and have paid Class 2 National Insurance contributions.

By *taking part in activities related to the business* we mean carrying out the same or additional tasks which support the business of your self-employed spouse or civil partner.

Who can get Maternity Allowance? continued

People who are self-employed are required by law to register their self-employment with HMRC according to HMRC rules.

If your self-employed spouse or civil partner has not registered with HMRC or registers late, you may lose some or all of your MA.

Your spouse's or civil partner's Class 2 NI contributions

We may need to contact your spouse or civil partner about paying Class 2 NI contributions. You can ask us not to contact them, but if they have not paid enough Class 2 NI contributions to entitle you to MA, we may not be able to pay you MA.

Test Period

The 66 weeks before the week you expect to have your baby is known as your **Test Period**. We work out your Test Period from the date your baby is due, not the actual date of birth.

Please refer to the Test Period table in this pack or at www.gov.uk/maternity-allowance/how-to-claim to identify the Test Period that applies to you.

When to claim Maternity Allowance

The earliest you can claim is at the start of the 14th week before the week your baby is due.

Even if you are still working or taking part in the business of your self-employed spouse or civil partner, claim as soon as you can after the start of the 14th week before the week your baby is due. We will contact you later to find out the date when you stop work.

Do not sign and date the MA1 claim form earlier than the 14th week before the week your baby is due.

If your baby is born early

Claim straight away after your baby is born. Your **Test Period** will not change.

Time limit for claims

You must claim within 3 months of the date your Maternity Allowance Period or 14 week period is due to start. If you delay, you will lose money.

Your expected date of childbirth

- **If you are claiming before your baby is born**
This date is in **Part A** of your **Maternity Certificate MAT B1**. Childbirth is called *confinement* on the certificate. You can get this certificate from your doctor or midwife from the 21st week of your pregnancy.
- **If you are claiming after your baby is born**
Send us your **MAT B1** completed at **Part B**. If **Part B** has not been completed, you must send us your baby's birth certificate.
- **If you give birth to a stillborn child**
We know this will be a very difficult time for you but please send in the notification of stillbirth issued by the attending midwife or doctor or the certificate of stillbirth issued by the registrar. Please tell your Jobcentre Plus straight away to make sure we don't pay you MA that we then have to claim back.

When we pay Maternity Allowance

Your **Maternity Allowance Period** or **14 week period** will start on the Sunday of the 11th week before the week you expect to have your baby, if at this time you are:

- not employed or self employed
- employed or self employed, but have stopped working, or
- not taking part in the business of your self-employed spouse or civil partner.

If you are still working as an employed or self-employed earner on or after the 11th week before the week you expect to have your baby

Usually you can choose when you want your MA to start. Your MA can start on any day after you stop work, but the latest it can start is the day after your baby is born. Make sure you read the rest of the information in this section which tells you about situations when your MA must start at a particular time.

If you are getting SSP from your employer, your SSP must stop when your MA starts. **You must tell your employer the date that your Maternity Allowance Period will start.**

If you are still taking part in the business of your self-employed spouse or civil partner on or after the 11th week before the week you expect to have your baby

If you are still taking part in the business of your self-employed spouse or civil partner on or after the 11th week before the week you expect to have your baby, your MA will start on the day after you stop taking part.

If you give birth earlier than expected

If you give birth earlier than expected and your MA has not yet started, you **must** tell Jobcentre Plus straight away. This is because your MA will start automatically on the day after the birth. Details of how to contact Jobcentre Plus are on page 13.

When we pay Maternity Allowance continued

If you give birth to a stillborn child

If your baby is stillborn from the start of the 24th week of pregnancy you must tell Jobcentre Plus straight away. This is because MA will start the day after the birth. Details of how to contact Jobcentre Plus are on page 13.

If you are off work because of your pregnancy on or after the 4th week before the week your baby is due

Your MA **must start** if you are on maternity leave on or after the 4th week before the week your baby is due. Your MA will start automatically on the day after the first day you are absent from work for this reason in this 4 week period.

If you are sick because of your pregnancy on or after the 4th week before your baby is due

Your MA **must start** if you are sick because of your pregnancy at any time in the 4 weeks before the week your baby is due and you

- are absent from work, or
- stop taking part in activities related to the business of your self employed spouse or civil partner.

Your MA will start automatically on the day after the first day you are sick and absent from work or taking part in activities related to the business of your self-employed spouse or civil partner for this reason in this 4 week period.

If you were getting any Statutory Sick Pay (SSP), Employment and Support Allowance or Incapacity Benefit, it will stop.

If you and your employer disagree about whether you are sick because of your pregnancy, get in touch with Jobcentre Plus. Details of how to contact Jobcentre Plus are on page 13.

How we work out how much Maternity Allowance you get

If you are employed

We use the **earnings rule** to work out your MA.

The earnings rule means that you must earn at least £30 a week on average. We average your gross earnings over any 13 weeks in your **Test Period**. The 13 weeks do not have to be in a row.

By *gross earnings*, we mean the amount of money your employer pays you before anything is taken off. For example, income tax or NI contributions.

To work out your average gross weekly earnings, we will add together your gross earnings from each of the 13 weeks in which you earned the most. We then divide the total by 13.

We need to see original payslips for the 13 weeks. For example, if you are paid:

- weekly - send in 13 payslips
- 2-weekly - send in 7 payslips
- 4-weekly - send in 4 payslips
- monthly - send in 4 payslips

If you have been employed you must provide payslips or your claim will be delayed.

If you had more than one job in any of the weeks you have chosen, send us the payslips from all the jobs. We will return them to you. We cannot accept carbonised payslips.

If you do not have your original payslips you can ask your employer to give you copies of them, or you can ask for a statement from your employer to cover your chosen weeks.

The amount of MA you get will be either the standard rate of MA or 90% of your average gross weekly earnings. You will get the amount which is the lower of the two.

How we work out how much Maternity Allowance you get continued

If you are self-employed

We use the **earnings rule** to work out your MA.

If you are self-employed you are required by law to register as self-employed with HMRC. If you do not register, or register late, you may lose some or all of your entitlement to MA.

If you are registered as self-employed for 26 weeks within the Test Period, you will be treated as having earnings of £30 a week for 13 weeks in the Test Period and will get the lower rate of MA.

If you have paid 13 Class 2 NI contributions within the Test Period you will be treated as having enough earnings to get the standard rate of MA.

If you take part in activities related to the business of your self-employed spouse or civil partner

For at least 26 weeks during your Test Period:

- you must have been taking part in activities related to the business of your self-employed spouse or civil partner, and
- **for the same 26 weeks** you must be, or have been married to or in a civil partnership with the same self-employed person, and
- you must not be a partner in or an employee of the business of your spouse or civil partner, and

How we work out how much Maternity Allowance you get

continued

And for the same 26 weeks during your Test Period your spouse or civil partner must have been

- registered as self-employed and have paid Class 2 NI contributions, and
- working as a self-employed earner in their business.

Also, to get this MA you must not be entitled to or receiving

- SMP from a current or former employer for the same pregnancy, or
- MA in respect of either employment or self-employment for the same pregnancy.

The Test Period is 66 weeks up to and including the week before the week your baby is due.

Abroad

MA is based on employment and earnings in the UK. If you have not worked or earned enough in the UK to get MA, but have worked abroad in certain countries, we may be able to take that work into account.

For more information about the countries we can consider, go to

www.gov.uk/international-pension-centre

If you are taking part in activities related to the business of your self-employed spouse or civil partner from abroad, and that business is based in the UK, you may be able to get a maternity allowance depending on the country that you are taking part in activities from.

For more information about the countries we can consider, go to **www.gov.uk/international-pension-centre**

How we work out how much Maternity Allowance you get continued

If the business of your self-employed spouse or civil partner is based abroad and you take part in activities related to it from the UK or from another country, it will be for the country in which the business is based to consider if you can get maternity allowance under that country's qualifying conditions.

What happens after you claim

We can make a decision about your MA claim more quickly if you

- answer all the questions on the claim form that apply to you, and
- send us all the documents we ask for.

If you cannot do this, get in touch with us. We will write to tell you the result of your claim as soon as we can.

If you are not entitled to MA

We will write to tell you the reason. We will also check to see if you can get Employment and Support Allowance. To find out more, ask for a leaflet from Jobcentre Plus. Or you can visit www.gov.uk/browse/benefits

Working while getting Maternity Allowance (MA)

If you are getting MA for 39 weeks because you were recently either employed or self-employed, you are allowed to work for up to 10 days during your MAP without losing MA payments. These are called *Keeping in Touch days*. You can find out more about this in guide **NI17A**. You can also ask Jobcentre Plus.

You must tell Jobcentre Plus of any work you do while you get MA.

If you are getting MA for 14 weeks for taking part in activities relating to the business of your self-employed spouse or civil partner *Keeping in Touch days* do not apply. You may lose MA for each week that you take part in this business or do any work as an employed or self-employed earner in your 14 week period.

Shared Parental Leave and Statutory Shared Parental Pay

You and your partner or the other parent of the child may be able to get Shared Parental Leave or Statutory Shared Parental Pay after the baby is born.

If you are eligible and decide to take Shared Parental Leave or Statutory Shared Parental Pay, you must give us at least 8 weeks notice that you want to end your MA early. If you have already returned to work, your MA will end in the week in which your notice was given. The end date must be the last date of your benefit week.

For example, if your MA began on a Tuesday, the benefit week will end on the following Monday. If your MA began on a Wednesday, it will end on the following Tuesday.

Test Period table from 2018 to 2019

Please keep this table for your information, do not return them with your MA1 claim form.

Your claim to Maternity Allowance (MA) will be decided on the work you have done in your Test Period. This is the 66 weeks up to, and including, the Saturday before the week you expect to have your baby.

Find the week in **column 1** of the table that includes the date you expect to have your baby. Read across the line to work out your Test Period and the 15th week before the week your baby is due. See the example below. If the week you expect to have your baby is not shown in **column 1** of the table, get in touch with Jobcentre Plus. Ask them for a new Maternity Allowance Test Period table.

The 15th week before the week your baby is due is used to decide if you should be getting Statutory Maternity Pay (SMP). This week starts on the date shown in **column 4** of the table.

You might get SMP if you were employed in this week and satisfy the conditions for payment.

We may ask you for more information about the business of your self-employed spouse or civil partner.

We may need to contact your spouse or civil partner about paying Class 2 National Insurance (NI) contributions. If your spouse or civil partner has not paid enough Class 2 NI contributions to entitle you to Maternity Allowance, and you do not consent to us contacting them to explain how they can make the payments, we may not be able to pay you Maternity Allowance.

If you do not wish us to contact your spouse or civil partner about your claim for Maternity Allowance, please tick here.

Part 9: About other benefits

We need to know about any money that you are getting from the Department for Work and Pensions, any other government department or the Training Agency.

We also need to know about any money that your spouse, civil partner or anyone else is either

- getting for you, or
- getting added to their benefit for you.

This money may make a difference to your Maternity Allowance. Your Maternity Allowance can also make a difference to the other money that you can get. There is more information about this in

NI17A *A guide to Maternity Benefits*. You can find the guide on our website. The address is www.gov.uk/browse/benefits

Are you getting any of these benefits or entitlements?

Tick **Yes** if you are waiting to hear about a benefit.

Even if the benefit or entitlement is not listed here, tell us about it anyway. We will contact you if we need more information.

Part 10: How we pay you

We normally pay your money into an account.

Many banks and building societies will let you collect your money at the post office.

We will tell you when we will make the first payment and how much it will be for.

We will tell you if the amount we pay into the account is going to change.

Finding out how much we have paid into the account

You can check your payments on account statements. The statements may show your National Insurance (NI) number next to any payments we have made. If you think a payment is wrong, get in touch with the office that pays you straight away.

If we pay you too much money

If we pay you too much money we have the right to take back any money we pay that you are not entitled to. This may be because of the way the payment system works.

For example, you may give us some information which means you are entitled to less money. Sometimes we may not be able to change the amount we have already paid you. This means we will have paid you money that you are not entitled to.

We will contact you before we take back any money.

What to do now

- Tell us about the account you want to use on the next page. By giving us your account details you
 - agree that we will pay you into an account, and
 - understand what we have told you above in the section **If we pay you too much money.**
- If you are going to open an account, please tell us your account details as soon as you get them.
- If you do not have an account, please contact us and we will give you more information.
