

COMMITTEE ON CARCINOGENICITY OF CHEMICALS IN FOOD, CONSUMER PRODUCTS AND THE ENVIRONMENT

**Paper of interest: Alcohol effects on the epigenome in the germline:
Role in the inheritance of alcohol-related pathology**

1. The Committee suggested at the last meeting that papers of interest be presented as short agenda items to raise awareness for Members and to discuss any issues of relevance to the Committee.
2. Attached at Annex A is a paper on the effects of alcohol on the epigenome of the germline (Chastain and Sarkar, 2017), for Members consideration.

**Secretariat
July 2017**
