

Mid Tier Evidence Tool - 2018 Applications

IMPORTANT: Please enable the Macros content if prompted - this will enhance the way the tool functions. If Macros are auto disabled, go to: File, Options, Trust Centre (settings), Macro settings, Select 'Disable all Macros with notification'.

About this evidence tool:

- This tool shows the application evidence requirements for the 2018 application window, for agreements starting 1 January 2019.
- Use this tool to look up information regarding the evidence requirements for the options or capital items you are thinking of applying for.
- Many options do not require any evidence to be provided at application stage. The tool will confirm this is the case.

Other sources of information:

- The Grant Finder Tool on GOV.uk also provides the evidence requirements shown in this tool.
- Refer to section 6.4 of the Mid Tier Manual for more information on evidence.

Submitting your evidence:

- Clearly mark all evidence with the SBI, parcel reference number and the option/item the evidence applies to so that it can be identified on receipt.
- You must submit your evidence by the application deadline of 31 August 2018.
- Where evidence is required for an option or capital item, you will need to supply evidence for every land parcel which has that option or capital item.
