AUTHORIZED AMENDMENT

This RA addresses the recommendations published in the 2016 Fast Roping NSI and provides a regulatory framework to manage the activity appropriately. The creation of RA 2357 provides bespoke regulation for TIES activity, including the delineation of safety responsibilities between the ADH/AM(MF) and the organisations providing troops to conduct the activity. Regulation regarding Fast Roping has been removed from RA 2355 and placed in a bespoke new regulation. RA 2357 aims to provide regulation for the governance of TIES, advice to ADH and AM(MF) on the division of safety responsibilities and address the recommendations from the 2016 NSI into fast roping. RA 2357 will require ADH and AM(MF) to review their activity and publish direction within their areas of responsibility through orders and instructions.
